## In the Land of Men

## A Memoir

*HarperCollins* **One of Vogue's Best Books of the Year One of Esquire's Best Books of the Year One of the Wall Street Journal's Favorite Books of the Year One of the Most Anticipated Books of the Year: Vogue, Parade, Esquire, Bitch, and Maclean's A New York Times and Washington Post Book to Watch** A fiercely personal memoir about coming of age in the male-dominated literary world of the nineties, becoming the first female literary editor of Esquire, and Miller's personal and working relationship with David Foster Wallace A naive and idealistic twenty-two-year-old from the Midwest, Adrienne Miller got her lucky break when she was hired as an editorial assistant at GQ magazine in the mid-nineties. Even if its sensibilities were manifestly mid-century—the martinis, powerful male egos, and unquestioned authority of kings—GQ still seemed the red-hot center of the literary world. It was there that Miller began learning how to survive in a man's world. Three years later, she forged her own path, becoming the first woman to take on the role of literary editor of Esquire, home to the male writers who had defined manhood itself— Hemingway, Mailer, and Carver. Up against this old world, she would soon discover that it wanted nothing to do with a "mere girl." But this was also a unique moment in history that saw the rise of a new literary movement, as exemplified by McSweeney's and the work of David Foster Wallace. A decade older than Miller, the mercurial Wallace would become the defining voice of a generation and the fiction writer she would work with most. He was her closest friend, confidant—and antagonist. Their intellectual and artistic exchange grew into a highly charged professional and personal relationship between the most prominent male writer of the era and a young woman still finding her voice. This memoir—a rich, dazzling story of power, ambition, and identity—ultimately asks the question "How does a young woman fit into this male culture and at what cost?" With great wit and deep intelligence, Miller presents an inspiring and moving portrayal of a young woman's education in a land of men. "The memoir I've been waiting for: a bold, incisive, and illuminating story of a woman whose devotion to language and literature comes at a hideous cost. It's Joanna Rakoff's *My Salinger Year* updated for the age of *She Said*: a literary New York now long past; an intimate, fiercely realist portrait of a mythic literary figure; and now, a tender reckoning with possession, power, and what Jia Tolentino called the 'Important, Inappropriate Literary Man.' A poised and superbly perceptive narration of the problems of working with men, and of loving them."— Eleanor Henderson, author of *10,000 Saints*

## Esquire's Big Book of Great Writing

## More Than 70 Years of Celebrated Journalism

*Hearst Communications* **For seventy years, Esquire has established a reputation for publishing the most innovative nonfiction in the country, and this remarkable anthology of more than fifty articles is a testament to that quality. "This collection is an inspiration," writes Esquire editor in chief David Granger, "as much for the stories contained within, as for the belief that the written word can change and enlighten the world, one story at a time."** Book jacket.

## A Mouthful of Air

*Two Dollar Radio* Now a major motion picture starring Amanda Seyfried. Compared to seminal feminist works such as Charlotte Perkins Gilman's "The Yellow Wallpaper" and Sylvia Plath's *The Bell Jar*, *A Mouthful of Air* is a powerful, tragic statement on motherhood, family, and survival. *A Mouthful of Air* is a compassionate and wrenching portrait of Julie Davis, a young wife and mother torn between the love she feels for her family and the voice in her head that insists they'd be better off without her. We meet Julie several weeks after her suicide attempt, on the eve of her son's first birthday. Grateful to be alive, Julie tries her best to appreciate every moment—"this tree, that passing car, the pretzel guy up ahead on the corner. She has, for whatever reason, been given a second chance"—but her emotional demons are unrelenting, and she is slowly and quietly losing the battle. Within the narrative of *A Mouthful of Air* is an argument about the nature of depression—its causes, cures, and the price it exacts from its victims. With spare, elegant prose, this brutally honest portrayal of family and self illuminates the power and complexity of the human psyche. Originally published in 2003, *A Mouthful of Air* now includes an afterword by author Adrienne Miller.

## The Coast of Akron

### A Novel

*Farrar, Straus and Giroux* "At last, *The Coast of Akron!* Adrienne Miller is one of the wittiest and most humane writers we have, bringing to mind at once Dorothy Parker, Mary McCarthy, and M.F.K. Fisher." -Dave Eggers Adrienne Miller, in her dazzlingly ambitious and hilarious first novel, introduces us to the unforgettable Haven family of Akron, Ohio. This is not your typical Midwestern family, and Lowell Haven is a most unusual patriarch. He's a seducer, a wannabe aristocrat, a liar. Jenny, his former wife, was a brilliant artist, but is today a broken woman with a secret. In the thirty years since Lowell and Jenny met, Lowell has become a world-famous artist, known for portraits of his favorite subject—himself. But five years ago, Lowell mysteriously stopped painting and the world now demands to know: Why has Lowell Haven abandoned his art? The answer is Merit, Lowell and Jenny's daughter, who is running as fast as she can from her family. Fergus, Lowell's partner, Jenny's ex-best friend, and drama queen extraordinaire, dreams of luring Merit home: the sixty-five-room faux-Tudor mansion where he lives with Lowell. A lavish party for the Midwestern glitterati is the perfect excuse. But his delusions of grandeur loom over the gathering, and his decision to include a certain guest invites disaster. Stretching from mid-seventies London to the present-day Midwest, *The Coast of Akron* is a sharply funny and deeply heartbreaking story about the all-too-human urge to own what is unownable.

## The Trail to Kanjiroba

### Rediscovering Earth in an Age of Loss

*Seven Stories Press* A revitalizing new perspective on Earthcare from Pulitzer Prize finalist William deBuys. In 2016 and 2018 acclaimed author and conservationist William deBuys joined extended medical expeditions into Upper Dolpo, a remote, ethnically Tibetan region of northwestern Nepal, to provide basic medical services to the residents of the region. Having written about climate change and species extinction, deBuys went on those journeys seeking solace. He needed to find a constructive way of living with the discouraging implications of what he had learned about the diminishing chances of reversing the damage humans have done to Earth; he sought a way of holding onto hope in the face of devastating loss. As deBuys describes these journeys through one of Earth's remotest regions, his writing celebrates the land's staggering natural beauty, and treats his readers to deep dives into two scientific discoveries—the theories of natural selection and plate tectonics—that forever changed human understanding of our planet. Written in a vivid and nuanced style evocative of John McPhee or Peter Matthiessen, *The Trail to Kanjiroba* offers a surprising and revitalizing new way to think about Earthcare, one that may enable us to continue the difficult work that lies ahead.

### Circe

*Bloomsbury Publishing* "In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe has neither the look nor the voice of divinity, and is scorned and rejected by her kin. Increasingly isolated, she turns to mortals for companionship, leading her to discover a power forbidden to the gods: witchcraft. When love drives Circe to cast a dark spell, wrathful Zeus banishes her to the remote island of Aiaia. There she learns to harness her occult craft, drawing strength from nature. But she will not always be alone; many are destined to pass through Circe's place of exile, entwining their fates with hers. The messenger god, Hermes. The craftsman, Daedalus. A ship bearing a golden fleece. And wily Odysseus, on his epic voyage home. There is danger for a solitary woman in this world, and Circe's independence draws the wrath of men and gods alike. To protect what she holds dear, Circe must decide whether she belongs with the deities she is born from, or the mortals she has come to love. Breathing life into the ancient world, Madeline Miller weaves an intoxicating tale of gods and heroes, magic and monsters, survival and transformation." --Publisher.

### Into the Heart of Life: Henry Miller at One Hundred

*New Directions Publishing* In celebration of the centennial of his birth, *Into the Heart of Life: Henry Miller at One Hundred* gathers a captivating selection of writings from ten of his books. The delights of his prose are many, not the least of which is Miller's comic irony, which as *The London Times* noted, can be "as stringent and urgent as Swift's." Frederick Turner has organized the whole to highlight the autobiographical chronology of Miller's life, and along the way places the author squarely where he belongs--in the great tradition of American radical individualism, as a child of Emerson, Thoreau, and Whitman. Miller, who joyously declared "I am interested--like God--only in the individual," would have been pleased. The keynotes here are self-liberation and the pleasures of Miller's "knotty, cross-grained" genius, as Turner describes it--"defying classification, ultimately unamenable to any vision, any program not [his] own." Or, as Henry Miller himself put it: "I am the hero and the book is myself."

### Soul Food

### The Surprising Story of an American Cuisine, One Plate at a Time

*UNC Press Books* 2014 James Beard Foundation Book Award, Reference and Scholarship Honor Book for Nonfiction, Black Caucus of the American Library Association In this insightful and eclectic history, Adrian Miller delves into the influences, ingredients, and innovations that make up the soul food tradition. Focusing each chapter on the culinary and social history of one dish--such as fried chicken, chitlins, yams, greens, and "red drinks--Miller uncovers how it got on the soul food plate and what it means for African American culture and identity. Miller argues that the story is more complex and surprising than commonly thought. Four centuries in the making, and fusing European, Native American, and West African cuisines, soul food--in all its fried, pork-infused, and sugary glory--is but one aspect of African American culinary heritage. Miller discusses how soul food has become incorporated into American culture and explores its connections to identity politics, bad health raps, and healthier alternatives. This refreshing look at one of America's most celebrated, mythologized, and maligned cuisines is enriched by spirited sidebars, photographs, and

twenty-two recipes.

## The Song of Achilles

*A&C Black* **SHORTLISTED FOR THE ORANGE PRIZE FOR FICTION 2012** Greece in the age of heroes. Patroclus, an awkward young prince, has been exiled to the court of King Peleus and his perfect son Achilles. Despite their differences, Achilles befriends the shamed prince, and as they grow into young men skilled in the arts of war and medicine, their bond blossoms into something deeper - despite the displeasure of Achilles's mother Thetis, a cruel sea goddess. But when word comes that Helen of Sparta has been kidnapped, Achilles must go to war in distant Troy and fulfill his destiny. Torn between love and fear for his friend, Patroclus goes with him, little knowing that the years that follow will test everything they hold dear.

## The Comfort of Things

*John Wiley & Sons* What do we know about ordinary people in our towns and cities, about what really matters to them and how they organize their lives today? This book visits an ordinary street and looks into thirty households. It reveals the aspirations and frustrations, the tragedies and accomplishments that are played out behind the doors. It focuses on the things that matter to these people, which quite often turn out to be material things - their house, the dog, their music, the Christmas decorations. These are the means by which they express who they have become, and relationships to objects turn out to be central to their relationships with other people - children, lovers, brothers and friends. If this is a typical street in a modern city like London, then what kind of society is this? It's not a community, nor a neighbourhood, nor is it a collection of isolated individuals. It isn't dominated by the family. We assume that social life is corrupted by materialism, made superficial and individualistic by a surfeit of consumer goods, but this is misleading. If the street isn't any of these things, then what is it? This brilliant and revealing portrayal of a street in modern London, written by one of the most prominent anthropologists, shows how much is to be gained when we stop lamenting what we think we used to be and focus instead on what we are now becoming. It reveals the forms by which ordinary people make sense of their lives, and the ways in which objects become our companions in the daily struggle to make life meaningful.

## Invitation to a Bonfire

*Bloomsbury Publishing* **1930s America:** Zoya Andropova, a young Russian refugee, finds herself in an elite New Jersey boarding school. ## Black Smoke

## African Americans and the United States of Barbecue

*A Ferris and Ferris Book* Across America, the pure love and popularity of barbecue cookery has gone through the roof. Prepared in one regional style or another, in the South and beyond, barbecue is one of the nation's most distinctive culinary arts. And people aren't just eating it; they're also reading books and articles and watching TV shows about it. But why is it, asks Adrian Miller--admitted 'cuehead and longtime certified barbecue judge--that in today's barbecue culture African Americans don't get much love? In *Black Smoke*, Miller chronicles how Black barbecuers, pitmasters, and restaurateurs helped develop this cornerstone of American foodways and how they are coming into their own today. It's a smoke-filled story of Black perseverance, culinary innovation, and entrepreneurship. Though often pushed to the margins, African Americans have enriched a barbecue culture that has come to be embraced by all. Miller celebrates and restores the faces and stories of the men and women who have influenced this American cuisine. This beautifully illustrated chronicle also features 22 barbecue recipes collected just for this book.

## Keats

## A Brief Life in Nine Poems and One Epitaph

*Random House* \*A BOOK TO LOOK FORWARD TO IN 2021 IN THE TIMES, FINANCIAL TIMES, DAILY MAIL, SUNDAY TIMES AND GUARDIAN\* The epitaph John Keats composed for his own gravestone - 'Here lies one whose name was writ in water' - seemingly damned him to oblivion. When he died at the age of twenty-five, having taken a battering from the conservative press, few critics imagined he would be considered one of the great English poets two hundred years later, though he himself had an inkling. In this brief life, Lucasta Miller takes Keats's best-known poems - the ones you are most likely to have read - and excavates their backstories. In doing so, she resurrects the real Keats: a lower-middle-class outsider from a tragic and dysfunctional family, whose extraordinary energy and love of language allowed him to pummel his way into the heart of English literature; a freethinker and a liberal at a time of repression; a human being who delighted in the sensation of the moment; but a complex individual, not the ethereal figure of his posthumous myth. Combining close-up readings of his writings with the story of his brief but teeming existence, Lucasta Miller shows us how Keats made his poetry, and explains why it retains its vertiginous originality and continues to speak to us across the generations.
