**Group Therapy** BB Easton From the Wall Street Journal bestselling author of 44 Chapters About 4 Men (inspiration for the 4th Most-Watched Netflix Original Series of all time, Sex/Life) comes a fun, forbidden romantic comedy about an inexperienced psychologist and her ultra-famous client. I am thiiiiis close to finally becoming a full-fledged psychologist. PhD? Check. Prestigious postdoc position, providing therapy to entitled millionaires and C-list celebrities whose pumpkin spice lattes cost more than my Converse and make excellent projectiles during their reality TV-worthy tantrums? Check. Letter of recommendation from my velociraptor-like supervisor? That's going to take a miracle. Not only because my boss said I have to cure our most-prized client's writer's block in time for him to meet his insane deadline, but also because that client just so happens to be ... Thomas F\*%@%ing O'Reardon. Yeah, that Thomas O'Reardon. The wickedly brilliant, achingly beautiful, devastatingly British best-selling author whose psychological thrillers line my bookshelf at home and whose face I might or might not picture while I ... you get the point. Sitting in a confined space with him; inhaling the crisp, clean scent of his cologne; gazing into his broody blue eyes while trying to remember to nod and listen and come up with suggestions that don't involve taking our clothes off ... it's torture. So, when Thomas casually asks me out at the end of a therapy session, I'm forced to make an impossible choice: say yes and risk losing my dream job, or say no and risk losing my dream guy. In a panic, I blurt out a third option—the only solution I can

think of that will allow me to see this man after hours without it being considered a career-ending ethics violation: Group therapy. The only problem? I've never actually done group therapy. And side problem: my other clients are ... a handful. But what's the worst that could happen? I mean, it's not like I'm going to lose all control of the group and let it devolve into a chaotic, bloodthirsty, topless fight club. Right? **CONTENT NOTE:** Group Therapy is intended for mature audiences only. The working paper is divided into two main parts. The first part is a descriptive analysis of the illicit use of biological agents by criminals and terrorists. It draws on a series of case studies documented in the second part. The case studies describe every instance identifiable in open source materials in which a perpetrator used, acquired, or threatened to use a biological agent. While the inventory of cases is clearly incomplete, it provides an empirical basis for addressing a number of important questions relating to both biocrimes and bioterrorism. This material should enable policymakers concerned with bioterrorism to make more informed decisions. In the course of this project, the author has researched over 270 alleged cases involving biological agents. This includes all incidents found in open sources that allegedly occurred during the 20th Century. While the list is certainly not complete, it provides the most comprehensive existing unclassified coverage of instances of illicit use of biological agents. **Lost in Ireland** Simon and Schuster Previously published in 2014 as Lucky me. **Independence A Significance Novel** Kiss Me Publications, LLC Maggie and Caleb must tie up all the loose ends of their lives and make a way to be together completely on their own.
