A Compilation of 16th, 17th, and 18th Century English and Scottish Families with the Surname Bell, Beale, Le Bel ... Et Al

Wheatmark, Inc. Robert Bell was born between 1520 and 1539 in England. He married three times and had twelve children. Descendants and relatives lived mainly in England and Virginia.

My Own Pioneers 1830-1918

Volume III, The Last Pioneers/Refuge in Mexico 1876-1918

Outskirts Press Follow the fascinating true stories of one family through the Mormon pioneer era—stories that follow four generations and several of the author's family lines as they and their fellow pioneers help shape the early history of the Mormon Church, the American West, and even Mexico. This memorable journey is the culmination of fifteen years of painstaking research as the author carefully reconstructs the pioneer struggles from before 1830 to 1918 using information from family journals, memoirs, histories and letters. Volume III (The Last Pioneers/Refuge in Mexico, 1876-1918) concludes the family history by explaining how polygamous family pioneers moved from Utah to settle Arizona and New Mexico; how the pioneers faced Indian and mob threats again in their new home; how, because of polygamy, the threat of imprisonment forced the settlers to flee into Mexico, where they battled Indians and the elements, adjusted to Mexican culture and citizenship, and prospered; how they were soon victims of the Mexican Revolution, caught between two marauding armies; and how they were finally forced back across the border as impoverished refugees in the very states they had once pioneered. My Own Pioneers is an important work illuminating the legacy of the Mormon pioneers. It is a compilation of true chronological accounts through which their lives, their sacrifices, and their considerable accomplishments, despite terrible hardship, may be honored. With its extensive index, this book provides an excellent research tool for academics as well as history enthusiasts; and it uplifts every reader by showcasing the enduring strength and mighty faith of these pioneers.

Trans-Colonial Urban Space in Palestine

Politics and Development

Routledge Taking a multidisciplinary approach to examine the dynamics of ethno-national contestation and colonialism in Israel/Palestine, this book investigates the approaches for dealing with the colonial and post-colonial urban space, resituating them within the various theoretical frameworks in colonial urban studies. The book uses Henry Lefebvre's three constituents of space - perceived, conceived and lived - to analyse past and present colonial cases interactively with time. It mixes the non-temporal conceptual framework of analysis of colonialism using literature of previous colonial cases with the inter-temporal abstract Lefebvrian concepts of space to produce an inter-temporal re-reading of them. Israeli colonialism in the occupied areas of 1967, its contractions from Sinai and Gaza, and the implications on the West Bank are analysed in detail. By illustrating the transformations in colonial urban space at different temporal stages, a new phase is proposed - the trans-colonial. This provides a conceptual means to avoid the pitfalls of neo-colonial and post-colonial influences experienced in previous cases, and the book goes on to highlight the implications of such a phase on the Palestinians. It is an important contribution to studies on Middle East Politics and Urban Geography.

French Urbanism in Foreign Lands

Springer This book will seek to close the gaps on the role of France in exporting Eurocentric spatial and environmental design principles and practice. It does so by analyzing the major spatial and physical development projects that French colonial authorities implemented in France's colonial empire and elsewhere from the 15th to the 20th century. French urban planning ideology, principles and practice were not exported exclusively to territories under French colonial suzerainty. Accordingly, the book focuses on major physical and spatial planning schemes inspired by French planning thought in territories without a history of French colonialism.

History: Boston Tea Party

iMinds Pty Ltd Learn about the Boston Tea Party with iMinds insightful knowledge series. It was another cold night in Boston, Massachusetts on the 16th of December 1773. But this was no ordinary night. This night would ignite the flames of injustice within many an American colonist. And it would eventually lead to the American Revolution. That night, three British ships - the Dartmouth, the Eleanor, and the Beaver - were moored in the Boston harbor. Their holds were filled with British tea that the American colonists had refused to accept. However, Thomas Hutchinson, the royal governor of Massachusetts, in turn, refused to issue the permits which would allow the ships to leave the harbor and return to Great Britain. iMinds brings targeted knowledge to your eReading device with short information segments to whet your mental appetite and broaden your mind.

True Crime: Maryland

The State's Most Notorious Criminal Cases

Visit www.natgeoed.org/commoncore for more information.

New Meanings for Ancient Texts

Recent Approaches to Biblical Criticisms and Their Applications

Westminster John Knox Press "As . . . newer approaches [to biblical criticism] become more established and influential, it is essential that students and other serious readers of the Bible be exposed to them and become familiar with them. That is the main impetus behind the present volume, which is offered as a textbook for those who wish to go further than the approaches covered in To Each Its Own Meaning by exploring more recent or experimental ways of reading." □from the introduction This book is a supplement and sequel to To

Each Its Own Meaning, edited by Steven L. McKenzie and Stephen R. Haynes, which introduced the reader to the most important methods of biblical criticism and remains a widely used classroom textbook. This new volume explores recent developments in, and approaches to, biblical criticism since 1999. Leading contributors define and describe their approach for non-specialist readers, using examples from the Old and New Testament to help illustrate their discussion. Topics include cultural criticism, disability studies, queer criticism, postmodernism, ecological criticism, new historicism, popular culture, postcolonial criticism, and psychological criticism. Each section includes a list of key terms and definitions and suggestions for further reading.

Fraud at the Hague-Bakassi

Why Nigeria's Bakassi Territory Was Ceded to Cameroon

iUniverse *Fraud at the Hague-Bakassi* examines how the 9/11 attacks on America affected many countries around the world. The strength of the fundamentalist Islamic groups triggered the war on terror, which unnerved many countries around the globe. To counter this, President George W. Bush began the invasion of the two Arab countries Afghanistan and Iraq without approval on the latter. The invasion had an effect on international politics in the European Union because they felt threatened by the United States declaration of the war on terrorism. The United States is the only superpower that showed any interest in establishing military bases in Africa, specifically in the Bakassi region in Africa. The move was not welcome in Europe because the Bakassi was a strategic region located in Nigeria that was a forbidden zone for any superpower to occupy. In response to this encroachment by the United States, the World Court in the Hague, in a controversial decision, ceded the territory to Cameroon—thus ending the Cameroon versus Nigeria dispute over the Bakassi peninsula region. This decision effectively and deliberately kept the United States out of the region, but it also deprived Nigeria of a region that had belonged to it for centuries—from before even the Europeans arrived in Africa.

Liberty in America, Past, Present and Future

A Prescription for America.

Author House *Liberty in America; Past, Present and Future* takes a long look back into the evolution of the personal liberty from its earliest recorded beginnings, through the middle ages to the founding of our unique American Republic and personal freedom. It goes on to describe how our liberties have been gradually eroded by the progressive encroachment of politically correct state and federal governments. The author concludes with a practical solution to preserve our liberties into the future. This book was designed to be read in one evening, but the hyperlink references throughout the text may draw the reader to explore the topics online for days. So find a comfortable chair, sit back and enjoy a journey of re-discovering liberty in America.

Global Experience Industries

Aarhus Universitetsforlag The experience economy is a fourth economic field different from commodities, goods and services. Experiences are an economic value added to a product or identical with the product. When you buy an experience, you pay to spend time enjoying a series of memorable events that a company stages to engage the customer in a personal way. The experience dimension has moved into a predominant place since the 1990s, fueled by an expanding global and digital economy. In developed countries, people get richer and more individualized and having met all basic material needs, they focus increasingly on personal development and self realization. Demand for experience-based products increases, such as tourism and sports as well as film, music and other contents of media and interactive technologies. Furthermore, the demand for experience values is extended to include any product and dimension of modern societies, such as the design of houses, furniture, clothes, cars, computers, etc. This is not a completely new story. Commercial entertainment and design has been around for a century or so. And in addition, universal values of love, sex, belief, family and the meaning of life have always been vital to human beings. What is new is the fact that capitalism is invading more and more fields of experiences connected with emotions and the extension of life proportions. In all developed countries and increasingly on a global scale, a series of expanding industries have emerged to supply the market with experience-oriented goods. In this book, the business development of markets and industries is covered from tourism, to media and entertainment, and from design to sex, including leading companies and trends in all industries involved.

The Portuguese Massacre of Wiriyamu in Colonial Mozambique, 1964-2013

Bloomsbury Publishing In his in-depth and compelling study of perhaps the most famous of Portuguese colonial massacres, Mustafah Dhada explores why the massacre took place, what Wiriyamu was like prior to the massacre, how events unfolded, how we came to know about it and what the impact of the massacre was, particularly for the Portuguese empire. Spanning the period from 1964 to 2013 and complete with a foreword from Peter Pringle, this chronologically arranged book covers the liberation war in Mozambique and uses fieldwork, interviews and archival sources to place the massacre firmly in its historical context. *The Portuguese Massacre of Wiriyamu in Colonial Mozambique, 1964-2013* is an important text for anyone interested in the 20th-century history of Africa, European colonialism and the modern history of war.

American History through American Sports: From Colonial Lacrosse to Extreme Sports [3 volumes]

From Colonial Lacrosse to Extreme Sports

ABC-CLIO Filled with insightful analysis and compelling arguments, this book considers the influence of sports on popular culture and spotlights the fascinating ways in which sports culture and American culture intersect.

The Server

A Media History from the Present to the Baroque

Yale University Press A cutting-edge media history on a perennially fascinating topic, which attempts to answer the crucial question: Who is in charge, the servant or the master? Though classic servants like the butler or the governess have largely vanished, the Internet is filled with servers: web, ftp, mail, and others perform their daily drudgery, going about their business noiselessly and unnoticed. Why then are current-day digital drudges called servers? Markus Krajewski explores this question by going from the present back to the Baroque to study historical aspects of service through various perspectives, be it the servants' relationship to architecture or their function in literary or scientific contexts. At the intersection of media studies, cultural history, and literature, this work recounts the gradual transition of agency from human to nonhuman actors to show how the concept of the digital server stems from the classic role of the servant.

FAMILIE ALLWEIN

Volume 2: Journeys in Time & Place -

Xlibris Corporation This is part of a series of books about the history of the Allwein family in America, a family descended from an 18th century German immigrant Johannes (Hans) Jacob Allwein and his wife Catharina. This book builds upon the first volume of this series, *Familie Allwein - An Early History*, which dealt with the Allwein family's emigration from Germany to America and their settlement in colonial Pennsylvania. This new two-book set represents the second volume of this series, titled *Familie Allwein - Journeys in Time and Place*, covering Allwein descendants living east of the Allegheny Mountains over the 70-year period from about 1870 through 1940. Part I of this second volume focuses on those families that settled in southeastern Pennsylvania, particularly in Lebanon, Philadelphia and Berks Counties. Part II focuses on those families living in Dauphin, Lancaster, Adams, York and Blair Counties in south central Pennsylvania. Additional future volumes will cover Allwein descendants who moved to western Pennsylvania and those who migrated farther west. Not only is the present volume an update on the families covered in volume 1 of *Familie Allwein*, it goes beyond the early land, tax and estate records, to include information from marriage and birth records, military records, census records, death records, county atlases and local histories. As in the first volume of this series, the author's careful documentation of all sources and attention to detail make it possible to reproduce his findings and re-examine his conclusions.

The Apocalypse Is Everywhere: A Popular History of America's Favorite Nightmare

A Popular History of America's Favorite Nightmare

ABC-CLIO This wide-ranging exploration of the apocalypse in Western culture seeks to understand how we have come to be so preoccupied with spectacular visions of our own annihilation—offering abundant examples of the changing nature of our imagined destruction, and predisposing readers to discover many more all around them. • Illustrations showcase the widespread belief in apocalypse, including medieval drawings as well as contemporary photographs and movie stills • A wide-ranging bibliography points the way to significant materials from the fields of history, literature, popular culture, theology, and more

Empires and Colonies in the Modern World

A Global Perspective

"Empires and Colonies in the Modern World takes on world history 1450-present through the sweeping events and human experiences of empires, imperialism, and colonialism. More than just a history of one or more empires, this volume ties together all of the modern empires, and also considers the development of global commerce, shared ideas about race and gender, and the political development of the international system in which we live. It is more than just a narrative of events. Rather, it is a guide to major debates in the field: What is an empire? What were the global origins of sixteenth century European overseas empires? How and why did the 'new imperialism' happen? Are there empires in the world today? In exploring the answers to these questions, the book focuses not only on political and economic history but also on cultural and social history, with a particular eye to the lasting legacies of colonialism to be found in migration patterns, intellectual thought, ecology, consumption, and belief. An intellectual volume engaged with cutting-edge research, it is also an accessible chronicle that connects English Puritans, the Ottoman Empire, and the Qing Dynasty with American politics, struggles in the modern Middle East, and Chinese foreign policy today"--Provided by publisher.

New Deal Art in North Carolina

The Murals, Sculptures, Reliefs, Paintings, Oils and Frescoes and Their Creators

McFarland "This volume provides the only one-volume record of all of the North Carolina towns and structures that received federal artwork under the New Deal program, as well as in-depth accounts of the works themselves and the artists who created them"--Provided by publisher.

AMERICAN RACISM!

Trafford Publishing After readers complete this book, you will clearly see how the hatred of racism is destroying our society.

Crash Course In Genealogy

ABC-CLIO A basic, how-to book written primarily to prepare librarians to assist genealogy researchers, this guide can also be used by those who wish to discover and document their family histories. Timelines listing events for each century in U.S. history that may have created records about family members Illustrations of census records, pedigree charts, family group sheets, and DNA results Maps of both Y-chromosome (male) and mitochondrial (female) DNA haplogroups to illustrate the deep historical migration of our ancestors Activities and a reading list for expanding one's knowledge and keeping up-to-date with current developments An extensive glossary

O Estado Contra O Estado

Clube de Autores Precisamos conhecer a história para reavivar a memória, e, com isso, não mais voltarmos a cometer os mesmos erros do passado. Este livro apresenta fatos históricos desde os primórdios do imperialismo no Brasil, abrange também a política em todos os governos presidenciais até os dias atuais e culmina com a história de vida, carreira e ascensão fenomenológica de Jair Messias Bolsonaro. Esta é a minha contribuição, jamais optaria pela omissão, principalmente como Patriota que anseia por dias melhores. para esta terra. Para que o mal triunfe, basta que os bons não façam nada Edmund

PizzaExpress From Italy With Love

100 Favourite Recipes to Make at Home

Hachette UK Over 100 delicious, Italian inspired PizzaExpress recipe favourites that bring the UK's most popular restaurant brand straight to your home. We all have special memories that took place at PizzaExpress. Whether a children's birthday party, a formative first date or just a hankering for dough balls, PizzaExpress has always been there for us. Now the magic and versatility of the popular restaurants can be recreated at home with PizzaExpress: From Italy with Love. Featuring exclusive recipes for perennial favourites including dough balls, Margherita and Sloppy Giuseppe as well as spicy, seafood, vegan and veggie pizzas, PizzaExpress: From Italy with Love caters to every mood and palette. Alongside 68 pizza recipes, many of which are ready in minutes, there are sumptuous salads, decadent desserts, and delicious dressings and sauces that create a meal for every occasion. You'll also learn how to impress by making artisan pizza base doughs such as Leggera and Calabrese, and there's even a special gluten free option that will have everyone fooled! PizzaExpress: From Italy with Love is all you need to transport yourself to Italy and enjoy lovingly handcrafted pizza from the comfort of your home.

The European Union

Questions and Answers

The European Union (EU) is a political and economic partnership that represents a unique form of cooperation among sovereign countries. The EU is the latest stage in a process of integration begun after World War II, initially by six Western European countries, to foster interdependence and make another war in Europe unthinkable. The EU currently consists of 28 member states, including most of the countries of Central and Eastern Europe, and has helped to promote peace, stability, and economic prosperity throughout the European continent. The EU has been built through a series of binding treaties. Over the years, EU member states have sought to harmonize laws and adopt common policies on an increasing number of economic, social, and political issues. EU member states share a customs union; a single market in which capital, goods, services, and people move freely; a common trade policy; and a common agricultural policy. Nineteen EU member states use a common currency (the euro), and 22 member states participate in the Schengen area of free movement in which internal border controls have been eliminated. In addition, the EU has been developing a Common Foreign and Security Policy (CFSP), which includes a Common Security and Defense Policy (CSDP), and pursuing cooperation in the area of Justice and Home Affairs (JHA) to forge common internal security measures. Member states work together through several EU institutions to set policy and to promote their collective interests. In recent years, however, the EU has faced a number of internal and external crises. Most notably, in a June 2016 public referendum, voters in the United Kingdom (UK) backed leaving the EU. The pending British exit from the EU (dubbed "Brexit") comes amid multiple other challenges, including the rise of populist and to some extent anti-EU political parties, concerns about democratic backsliding in some member states (including Poland and Hungary), ongoing pressures related to migration, a heightened terrorism threat, and a resurgent Russia. The United States has supported the European integration project since its inception in the 1950s as a means to prevent another catastrophic conflict on the European continent and foster democratic allies and strong trading partners. Today, the United States and the EU have a dynamic political partnership and share a huge trade and investment relationship. Despite periodic tensions in U.S.-EU relations over the years, U.S. and EU policymakers alike have viewed the partnership as serving both sides' overall strategic and economic interests. EU leaders are anxious about the Trump Administration's commitment to the EU project, the transatlantic partnership, and an open international trading system—especially amid the Administration's imposition of tariffs on EU steel and aluminum products since 2018 and the prospects of future auto tariffs. In July 2018, President Trump reportedly called the EU a "foe" on trade but the Administration subsequently sought to de-escalate U.S.-EU tensions and signaled its intention to launch new U.S.-EU trade negotiations. Concerns also linger in Brussels about the implications of the Trump Administration's "America First" foreign policy and its positions on a range of international issues, including Russia, Iran, the Israeli-Palestinian conflict, climate change, and the role of multilateral institutions. This report serves as a primer on the EU. Despite the UK's vote to leave the EU, the UK remains a full member of the bloc until it officially exits the EU (which is scheduled to occur by October 31, 2019, but may be further delayed). As such, this report largely addresses the EU and its institutions as they currently exist. It also briefly describes U.S.-EU political and economic relations that may be of interest.

The Mueller Report

The Final Report of the Special Counsel on Russian Interference in the 2016 Presidential Election

Courier Dover Publications This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

The Psychosocial Implications of Disney Movies

MDPI In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Caribbean Middlebrow

Leisure Culture and the Middle Class

Cornell University Press It is commonly assumed that Caribbean culture is split into elite highbrow culture--which is considered derivative of Europe--and authentic working-class culture, which is often identified with such iconic island activities as salsa, carnival, calypso, and reggae. This book recovers a middle ground, a genuine popular culture in the English-speaking Caribbean that stretches back into the nineteenth century. It shows that popular novels, beauty pageants, and music festivals are examples of Caribbean culture that are mostly created, maintained, and consumed by the Anglophone middle class. Much of middle-class culture is further gendered as "female": women are more apt to be considered recreational readers of fiction, for example, and women's behavior outside the home is often taken as a measure of their community's respectability. The book also highlights the influence of American popular culture, especially African American popular culture, as early as the nineteenth century.

Edwin Forrest

A Biography and Performance History

McFarland Edwin Forrest was the foremost American actor of the nineteenth century. His advocacy of American, and specifically Jacksonian, themes made him popular in New York's Bowery Theatre. His rivalry with the English tragedian William Charles Macready led to the Astor Place Riot, and his divorce from Catharine Sinclair Forrest was one of the greatest social scandals of the period. This full-length biography examines Forrest's personal life while acknowledging the impossibility of separating it from his public image. Included is a historical chronology of every known performance the actor gave.

Colonial Spanish "Horse of the Americas" For Kids

Mendon Cottage Books Table of Contents Introduction Chapter 1 Great Horses Chapter 2 Amazing Animals Chapter 3 Horse Fun Facts! Conclusion Nature's Amazing Wonders Author Bio Introduction Feeling down? Saddle up. ~Author Unknown *** Colonial Spanish: The Colonial Spanish horse is a very special horse. Do you know why? Because it's more than one horse! What does "more than one horse" mean? The term "Colonial Spanish" is a group of horses with different names. Names like: *Spanish mustang *Crillo horse *Chilean horse *Peruvian Paso *Abaco Barb *Iberian Sulphur horse *Sulphur mustang These horses came from Spain to the Americas and their ancestor is the Iberian horse. The Iberian Horse Iberian horses are native to the Iberian Peninsula. This means they come from this area. What is a Peninsula? The dictionary describes a Peninsula as: 'A piece of land almost surrounded by water or "coming" out of a body of water.' The Iberian Peninsula is on the southwest part of the European continent. If you would like to see it on a map, ask your parent or a guardian to help you search. Colonial Spanish Horse These beautiful horses have an old history. Before they were known as Colonial Spanish horses, they were called "Jennet or Spanish Barb." There are just a few unique Colonial Spanish horses left, so this breed is in danger of extinction. How big are they? The size can be large or small. Some are between 13 - 14.2 hands and some stand at 15 hands or more. Where do Colonial Spanish horses come from? These beautiful horses came to the New World (Americas) with the Spanish explorers many years ago. Then they started to grow and multiply and soon they spread all over the country. The website Livestockconservancy.org notes: "Spanish horses were the most common type of horse throughout the Southeast and all of the regions west of the Mississippi." That means at one time, these horses were the most common type of horse you could find!

Kubrick's Story, Spielberg's Film

A.I. Artificial Intelligence

Rowman & Littlefield In 1963 Stanley Kubrick declared, "Dr. Strangelove came from my desire to do something about the nuclear nightmare." Thirty years later, he was preparing to film another story about the human impulse for self-destruction. Unfortunately, the director passed away in 1999, before his project could be fully realized. However, fellow visionary Steven Spielberg took on the venture, and A.I. Artificial Intelligence debuted in theaters two years after Kubrick's death. While Kubrick's concept shares similarities with the finished film, there are significant differences between his screenplay and Spielberg's production. In Kubrick's Story, Spielberg's Film: A.I. Artificial Intelligence, Julian Rice examines the intellectual sources and cinematic processes that expressed the extraordinary ideas of one great artist through the distinctive vision of another. A.I. is decidedly a Kubrick film in its concern for the future of the world, and it is both a Kubrick and a Spielberg film in the alienation of its central character. However, Spielberg's alienated characters evolve through friendships, while Kubrick's protagonists are markedly alone. Rice explores how the directors' disparate sensibilities aligned and where they diverged. By analyzing Kubrick's treatment and Spielberg's finished film, Rice compares the imaginations of two gifted but very different filmmakers and draws conclusions about their unique conceptions. Kubrick's Story, Spielberg's Film is a fascinating look into the creative process of two of cinema's most profound auteurs and will appeal to scholars of film as well as to fans of both directors.

Love Canal

A Toxic History from Colonial Times to the Present

Oxford University Press In the summer of 1978, residents of Love Canal, a suburban development in Niagara Falls, NY, began protesting against the leaking toxic waste dump in their midst—a sixteen-acre site containing 100,000 barrels of chemical waste that anchored their neighborhood. Initially seeking evacuation, area activists soon found that they were engaged in a far larger battle over the meaning of America's industrial past and its environmental future. The Love Canal protest movement inaugurated the era of grassroots environmentalism, spawning new anti-toxics laws and new models of ecological protest. Historian Richard S. Newman examines the Love Canal crisis through the area's broader landscape, detailing the way this ever-contentious region has been used, altered, and understood from the colonial era to the present day. Newman journeys into colonial land use battles between Native Americans and European settlers, 19th-century utopian city planning, the rise of the American chemical industry in the 20th century, the transformation of environmental activism in the 1970s, and the memory of environmental disasters in our own time. In an era of hydrofracking and renewed concern about nuclear waste disposal, Love Canal remains relevant. It is only by starting at the very beginning of the site's environmental history that we can understand the road to a hazardous waste crisis in the 1970s—and to the global environmental justice movement it sparked.

American Work-Sports

A History of Competitions for Cornhuskers, Lumberjacks, Firemen and Others

McFarland For more than a century the American farm, factory and frontier provided opportunities for physical workers to display their skill, win a bet, brag or perhaps just have some fun. Competitions that emphasized useful skills, like plowing, corn-husking, rock drilling, typesetting, and tree cutting, were common in the antebellum and post-Civil War periods, often drawing large crowds and the attention of sporting journals. For many years conventional American sports occurred in the workplace. This may help explain why the nicknames of so many prominent collegiate or professional sporting teams—Cornhuskers, Lumberjacks, Miners, Cowboys, Packers and Boilermakers—are also the occupations of 19th century worker-athletes. By examining the American experience with competitions among workers, this book provides a new understanding of the interrelated nature of occupation and leisure.

Wines of the New South Africa

Tradition and Revolution

Univ of California Press Sought after by European aristocrats and a favorite of Napoleon Bonaparte, the sweet wines of Constantia in the Cape Colony were considered to be among the world's best during the eighteenth and nineteenth centuries. During the first democratic elections in 1994, South Africa began to re-emerge onto the international wine scene. Tim James, an expert on South African wines, takes the reader on an information-packed tour of the region, showing us how and why the unique combination of terroir and climate, together with dramatic improvements in winemaking techniques, result in wines that are once again winning accolades. James describes important grape varieties and wine styles—from delicate sparkling, to rich fortified, and everything in between—including the varietal blends that produce some of the finest Cape wines. Anchoring his narrative in a rich historical context, James discusses all the major wine regions, from Cederberg to Walker Bay, complete with profiles of more than 150 of the country's finest producers.

Celebrating Pennsylvania

50 States to Celebrate

HarperCollins "The titles in this series are perfect for reports on the fifty states." —Kiss the Book blog Say hello to Mr. Geo, everybody's favorite geography teacher! He loves to explore new places. Today he's visiting Pennsylvania. His first stop is Philadelphia for a grand parade on the Fourth of July. He'll tap the Liberty Bell, visit Independence Hall, and meet up with Betsy Ross and Ben Franklin in the Historic District too. Then he'll visit Amish Country, Hershey, Pittsburgh, the Poconos, and much more. Join Mr. Geo and discover what makes Pennsylvania a state to celebrate. Includes maps, fun facts, learning activities, and colorful you-are-there illustrations.

The Ask and the Answer

Candlewick Press (MA) Alternate chapters follow teenagers Todd and Viola, who become separated as the Mayor's oppressive new regime takes power in New Prentisstown, a space colony where residents can hear each other's thoughts.

The American Yawp

A Massively Collaborative Open U. S. History Textbook, Vol. 1: To 1877

"I too am not a bit tamed--I too am untranslatable / I sound my barbaric yawp over the roofs of the world."--Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students--an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

World History - A Selective and Limited Content Series - One

Sumir Sharma The book contains a straightforward description of three events in World History, namely the American Revolution, French Revolution and Congress of Vienna. Therefore, it contains only three chapters which are as follows. 1. The American Revolution 2. The French Revolution 3. The Congress of Vienna 1815 The three events are selected as per the requirement of the Punjab University Chandigarh, India, Syllabus for B. A. III Semester VI for the subject of History. The description is such that it will help the students to develop their answer in point format. The three events form the part of Unit I of the Syllabus of the above-mentioned university. Similarly, Series Two of World History contains the chapters related to Unit II of the syllabus, and the Series Three of the World History corresponds to three chapters in Unit III. The contents given in the book are also available on the blog of the author since 2005. The blog posts explaining the world events have been well received by the readers, which can be checked through entries in the comment section. The address of the blog is www.undergraduatehistory.blogspot.com.
