Grand Illusion Phantasmagoria in Nineteenth-Century Opera Oxford University Press, USA A new and groundbreaking historical narrative, Grand Illusion: Phantasmagoria in Nineteenth-Century Opera explores how technical innovations in Paris transformed the grand opera into a transcendent, dream-like audio-visual spectacle. In Search of Opera Princeton University Press In her new book, Carolyn Abbate considers the nature of operatic performance and the acoustic images of performance present in operas from Monteverdi to Ravel. Paying tribute to music's realization by musicians and singers, she argues that operatic works are indelibly bound to the contingency of live singing, playing, and staging. She seeks a middle ground between operas as abstractions and performance as the phenomenon that brings opera into being. Weaving between opera's "facts of life" and a series of works including The Magic Flute, Parsifal, and Pelléas, Abbate explores a spectrum of attitudes towards musical performance, which range from euphoric visions of singers as creators to uncanny images of musicians as lifeless objects that have been resuscitated by scripts. In doing so, she touches upon several critical issues: the Wagner problem; coloratura, virtuosity, and their critics; the implications of disembodied voice in opera and film; mechanical music; the mortality of musical sound; and opera's

predilection for scenes positing mysterious unheard music. An intersection between transcendence and intense physical grounding, she asserts, is a quintessential element of the genre, one source of the rapture that operas and their singers can engender in listeners. In *Search of Opera* mediates between an experience of opera that can be passionate and intuitive, and an intellectual engagement with opera as a complicated aesthetic phenomenon. Marrying philosophical speculation to historical detail, Abbate contemplates a central dilemma: the ineffability of music and the diverse means by which a fugitive art is best expressed in words. All serious devotees of opera will want to read this imaginative book by s music-critical virtuoso.

The Mouse of the Opera Wickwick A curious wood mouse, Maurice decides to explore the opera house, which glimmers like a giant lantern from across the lawn. Lured by beautiful music, he sneaks in for a tour of the opera house's rehearsals, wardrobe room, restaurant, and orchestra pit. The uninvited guest causes a great commotion, triggering a wild chase. Luckily, a gentle caretaker understands that even a little mouse can yearn for music.

Her Turn on Stage The Role of Women in Musical Theatre McFarland Audiences for musical theater are predominantly women, yet shows are frequently created and produced by men. Onstage, female characters are depicted as victims or sex objects and lack the complexity of their male counterparts. Offstage, women are under-represented among writers, directors, composers and choreographers. While other areas of the arts rally behind gender equality, musical theater demonstrates a disregard for women and an authentic female voice. If musical theater reflects prevailing societal attitudes, what does the modern musical tell us about the place of women in contemporary America, the UK and Australia? Are women deliberately kept out of musical theater by men jealously guarding their territory or is the absence of women a result of the modernization of the genre? Based on interviews with successful female performers, writers, directors, choreographers and executives, this book offers a unique female viewpoint on musical theater today.

The Street Of Crocodiles A&C Black "Complicite not only open our eyes to Bruno Schulz but turn his densely impressionistic stories into a piece of vividly imaginative theatre" (Michael Billington, Guardian) The Street of Crocodiles is inspired by the life and stories of Polish writer Bruno Schulz (1892-1942). Originally co-produced by Théâtre de Complicité and the Royal National Theatre it opened at the Cottesloe in 1992 and toured all over the world until 1994. The original production was remounted in 1998 and played in New York, Toronto, Minneapolis and Tokyo before opening at the Queen's Theatre London in January 1999. "This astounding production creates a vision of provincial Poland in the early part of the century as a restless ocean of unending flux...the miracle of Complicite's interpretation of Schulz's stories...is its ability to give specific theatrical life to this perceptual anarchy...when you leave the theatre you expect the ground beneath your feet to give way."
