Good Vs. Evil . . . Overcoming Degradation Through the Love and Brilliance of God

Book One: Evil . . . and the Destruction of Lives

AuthorHouse The truth is we are all just a little bit crazy in some areas of our life to a whole lot of crazy. Being miss-directed is one of the things mankind has in common as the various forms of insanity work the same way in every one of us. Weve all been programmed to unknowingly believe in a host of lies and its our belief in the need to uphold the lies that do us in. There are laws that pertain to the universe. These laws cannot be broken without creating diverse consequences. With every action there is an opposite reaction of effect. And where do the decisions we make come from? They generally come from our minds. The question then becomes, Whos controlling the mind? If your mind is at work and in agreement with you then you would rightly say you are controlling your mind. But if you occasionally find that your mind is working against you then you should consider you are not solely in control. Jesus referred to Satan as, the father of lies. I intend to show how the workings of evil are constructed through the placement of lies and how these lies in combination are at work to disrupt our lives. I will show how the longest and greatest lie is packaged and how the six major steps that makes up a combined package works powerfully against you. Then I will show how the effects from the lies get all mixed in with the pain you experience and how the end results can be devastating. This book is about our need for revelation and offers the reader an opportunity to begin a personal journey with life as it truly is. This is a lifelong journey in Spirit and truth and it begins with your full recognition of the need for having God working continuously in your life.

This Obscure Thing Called Transparency

Politics and Aesthetics of a Contemporary Metaphor

Leuven University Press The paradoxical logic of transparency and mediation Transparency is the metaphor of our time. Whether in government or corporate governance, finance, technology, health or the media - it is ubiquitous today, and there is hardly a current debate that does not call for more transparency. But what does this word actually stand for and what are the consequences for the life of individuals? Can knowledge from the arts, and its play of visibility and invisibility, tell us something about the paradoxical logics of transparency and mediation? *This Obscure Thing Called Transparency* gathers contributions by international experts who critically assess the promises and perils of transparency today.

Unfortunately, Finn is her sister's best friend, and her sister is jealous, so Piper has to watch Finn from afar through middle and high school, rarely able to participate in his life. Worse, she's smart and moves ahead in school, so she can't participate in anyone's life. Loneliness becomes the only sure thing in her world. But Finn Jansen is indeed broken, and God wants to fix him, which means events fall into place that stretch Finn to his breaking point and beyond. He finds himself a foster child living next door to his best friend, but even the blessings there can't quiet the voice inside that tells him he's a monster, that his family's hardships are his fault and he will never be worthy of love. Piper is the only one who can bring Finn around, and he's the only one who can see her true value and cure her desperate loneliness. Through a series of painful events, God pushes them together toward a situation where each must put him or herself aside and look out for someone else. *Follow the Firefly* is book three in the *Terry's Garden* series, stories about a love that touches generations and the garden where God heals broken hearts.
