The History Teacher's Movie Guide

Choosing and Using the Right Films for Your Classroom

Richard Di Giacomo Finding, funding, and using the right films and video equipment can be challenging for history teachers. Did you know that... The movie Prince of Egypt was banned in Egypt? In the movie Troy, ancient Trojans are shown using llamas that could only be found in the New World at that time? Oliver Stone's movie JFK was so controversial that he wrote a whole book defending it? The movie 300 is based on a comic book and not meant to show historical reality at all? No one in the West has ever made a major motion picture featuring the life of Vladimir Lenin? Showing movies in the dark can damage your eyesight? Showing the wrong movie could get you fired or slapped with a heavy fine? There are ways to obtain free educational films? There are some great books and websites that allow you to learn about the objectionable content and historical accuracy of a film before you show it to your students? This book helps you get good films that are free from bias, anachronisms, or objectionable content. There are many great tips on how to use films more effectively in your classroom and interesting assignments to go with them. Rwandan Genocide: The Essential Reference Guide

ABC-CLIO This important reference work offers students an accessible overview of the Rwandan Genocide, with more than 100 detailed articles by leading scholars on an array of topics and themes and 20 key primary source documents. • Elucidates the many factors, from economic motivations to international malaise, that contributed to the Rwandan Genocide • Profiles male and female perpetrators who led, participated in, and planned the genocide • Highlights the stories of Rwandan and foreign heroes who risked and, in some cases, lost their lives to save others • Sketches the many complexities that help explain why the United Nations and the

international community at large failed to stop the atrocities

A Citizen's Guide to American Foreign Policy Tragic Choices and the Limits of Rationality

Routledge American foreign policy often looks like a trail of man-made debris and disaster. Of course, the explanations for many poorly-made decisions are rather complex. In this brief and cogent analysis, Houghton shows us that understanding American foreign policy often comes down to recognizing the cognitive limitations of the decision-makers, which affects the foreign policy process. Then there is the nature of the decisions themselves. Quite a few decisions in American foreign policy involve 'tragic' choices, where leaders are effectively confronted with a series of progressively bad or uncomfortable options. And it is equally clear that some policies are not the product of any one individual's preferences, but emerge as a consequence of the way in which complex modern governments with large bureaucracies operate. Written with the interested layperson in mind, as well as students of international affairs, this Citizen's Guide to American Foreign Policy asks questions like, "Why do presidents so often do things which seem to be directly against the national interests of the United States - not just in retrospect, but even at the time?" "Why do there seem to be so many fiascoes in US foreign policy?" "Why does Congress sometimes tie the hands of the president in foreign affairs?" "Why do presidents seem to respond more to opinion polls or to what's on CNN and Fox News than they do to the core interests of the United States?" Houghton's overview helps us see past the partisan in-fighting that too often obscures the central issues in foreign affairs. This is vital, required reading for all readers who wish to better understand America's involvement in the world.

Inside the Hotel Rwanda

The Surprising True Story ... and Why It Matters Today

BenBella Books, Inc. In 2004, the Academy Award-nominated movie Hotel Rwanda lionized hotel manager Paul Rusesabagina for single-handedly saving the lives of all who sought refuge in the Hotel des Milles Collines during Rwanda's genocide against the Tutsi in 1994. Because of the film, the real-life Rusesabagina has been compared to Oskar Schindler, but unbeknownst to the public, the hotel's refugees don't endorse Rusesabagina's version of the events. In the wake of Hotel Rwanda's international success, Rusesabagina is one of the most well-known Rwandans and now the smiling face of the very Hutu Power groups who drove the genocide. He is accused by the Rwandan prosecutor general of being a genocide negationist and funding the terrorist group Democratic Forces for the Liberation of Rwanda (FDLR). In Inside the Hotel Rwanda, survivor Edouard Kayihura tells his own personal story of what life was really like during those harrowing 100 days within the walls of that infamous hotel and offers the testimonies of others who survived there, from Hutu and Tutsi to UN peacekeepers. Kayihura tells of his life in a divided society and his journey to the place he believed would be safe from slaughter. Inside the Hotel Rwanda exposes Paul Rusesabagina as a profiteering, politically ambitious Hutu Power sympathizer who extorted money from those who sought refuge, threatening to send those who did not pay to the genocidaires, despite pleas from the hotel's corporate ownership to stop. Inside the Hotel Rwanda is at once a memoir, a critical deconstruction of a heralded Hollywood movie alleged to be factual, and a political analysis aimed at exposing a falsely created hero using his fame to be a political force, spouting the same ethnic apartheid that caused the genocide two decades ago.

Adventure Guide Hotel Stories

Editions Assouline Adventure is a state of mind. An addiction to the unexpected, the unknown, freedom, and risk. It's Steve McQueen driving his speeding bullets during the shooting of Le Mans; Dian Fossey with her gorillas in Rwanda; Lawrence of Arabia fascinated by the Jordanian desert; Dennis Hopper and Peter Fonda crossing New Mexico on their Harleys; and Harry Potter at Hogwarts. In this book, Francisca Matteoli follows the paths of these adventurers and brings their legendary films to life, connecting each narrative with an unusual hotel. A unique and personal guidebook, full of anecdotes, information, and souvenirs.

Emerging Evangelicals

Faith, Modernity, and the Desire for Authenticity

NYU Press The Emerging Church movement developed in the mid-1990s among primarily white, urban, middle-class pastors and laity who were disenchanted with America's conservative Evangelical sub-culture. It is a response to the increasing divide between conservative Evangelicals and concerned critics who strongly oppose what they consider overly slick, corporate, and consumerist versions of faith. A core feature of their response is a challenge to traditional congregational models, often focusing on new church plants and creating networks of related house churches. Drawing on three years of ethnographic fieldwork, James S. Bielo explores the impact of the Emerging Church movement on American Evangelicals. He combines ethnographic analysis with discussions of the movement's history, discursive contours, defining practices, cultural logics, and contentious interactions with conservative Evangelical critics to rethink the boundaries of "Evangelical" as a category. Ultimately, Bielo makes a novel contribution to our understanding of the important changes at work among American Protestants, and illuminates how Emerging Evangelicals interact with the cultural conditions of modernity, late modernity, and visions of "postmodern" Christianity.
