Flight Artworks

Collected in book form for the first time - and also available as an ebook - are some of Gary Eason's acclaimed Flight Artworks: carefully researched and crafted photorealistic pictures of historical air combat. This first volume presents images of WWII scenes, selected from artworks created since 2011. "From my point of view as a pilot for the last 43 years and an RAF fighter pilot for 30 years, the realism he captures is uncanny ...". - Squadron Leader Clive Rowley MBE RAF (Retd) Third edition, September 2015

The Bible and Modern Literary Criticism

A Critical Assessment and Annotated Bibliography

Greenwood *This annotated bibliography of more than 1,700 titles reflects the growing interest in the application of contemporary literary theory to biblical studies. The work begins with an insightful introductory essay that offers a critical assessment of contemporary literary theory. It continues with an overview of those works that established the basis of modern literary criticism. Also examined are critical writings that discuss the application of literary theory to the Bible. The heart of the bibliography is a comprehensive listing of literary and critical studies of biblical texts, followed by a discussion of works that evaluate the reception of modern literary criticism in the world of biblical studies.*

Kartell

150 Items, 150 Artworks

Chronicling the 50-year history of a famed design firm through the lenses of world-renowned photographers The international design firm Kartell is especially known for successful product collaborations with stars of contemporary design such as Ron Arad, Antonio Citterio, Enzo Mari, Piero Lissoni, Alberto Meda, Vico Magistretti, and Philippe Starck. kARTell retells the company's 50-year design history through the work of world-renowned photographers such as Bruce Weber and Helmut Newton. Here are 150 Kartell classics like the Bookworm, La Marie, Eros and Mobil, each presented in a kind of visual drama where shapes, materials and colors are altered, transforming familiar objects into even more unexpected designs. Writers and artists like Bob Wilson, Josephine Hart, and David Parsons make for a text as fresh as the photographs themselves. Never has stackable tableware seemed quite so full of personalities; never has a coffee table revealed so many meanings.

Wk275

The Restoration and Preservation of the Last Supermarine Swift F4

WK275 is a unique historic airframe and the only Supermarine Swift F4 left in the world. The aircraft spent 46 years outside an army surplus store before being purchased off eBay in 2012 and restored by Jet Art Aviation to static display condition. It now resides with Vulcan to the Sky which draws 1,500 paying visitors a month who will see WK275 and the other famous artifacts on site. Guy Ellis sets the scene of the importance of Britain's early jets, covers the development of the Swift, which puts WK275 in context, then traces the heritage of that aircraft, its operational life, how it was acquired and finally the full story of its restoration with a plethora of detailed photographs, drawings and publicity images. The Swift pioneered the second generation of jet fighters and by recording the full story of one special aircraft, Guy Ellis has delivered a fitting tribute to British ingenuity. Ideal for exhibit visitors, vintage aircraft enthusiasts, restorers and Supermarine aficionados.

Catholic Gentry in English Society

The Throckmortons of Coughton from Reformation to Emancipation

Ashgate Publishing, Ltd. This volume advances scholarly understanding of English Catholicism in the early modern period through a series of essays addressing aspects of the history of the Throckmorton family. Despite their persistent adherence to Catholicism over several centuries

Infinity and Me

Carolrhoda Books ® When I looked up, I shivered. How many stars were in the sky? A million? A billion? Maybe the number was as big as infinity. I started to feel very, very small. How could I even think about something as big as infinity? Uma can't help feeling small when she peers up at the night sky. She begins to wonder about infinity. Is infinity a number that grows forever? Is it an endless racetrack? Could infinity be in an ice cream cone? Uma soon finds that the ways to think about this big idea may just be . . . infinite.

Scientific and Technical Aerospace Reports

Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database.

Alderdene

Space Weather of the Heliosphere (IAU S335)

Processes and Forecasts

Cambridge University Press The Sun is an active and variable star. Instabilities and non-stationary processes connected to the solar magnetic field and its evolutionary mechanisms modify its radiative and particle output on different time scales, from seconds to the evolutionary scale of the star. The Sun's activity affects interplanetary space and planetary environments, through space weather due to short-term activity and space climate on longer timescales. Space weather processes and forecasts are therefore important for both Earth and space within the heliosphere. The multi-disciplinary IAU Symposium 335 on 'Space Weather of the Heliosphere: Processes and Forecasts' gave a balanced overview of the general advances in space weather. It linked various aspects of research in solar, heliospheric and planetary physics, emphasizing cross-disciplinary developments. These companion proceedings, covering interdisciplinary topics and attracting a wide variety of contributors, serves as a timely reference to the international space weather community.

Keep drawings or artistic creations organized so you can look back on them & see your progress. Study your own style & find patterns in your work that can be used to discover your artistic style. Sketchbooks are portable & keeps your work protected. And so much more... Let's help ourselves spend a little less time using technology and use the creative side of our brain to produce wonderful works of art. Order yours now!

Rip Van Goofy

Disney Electronic Content Rip Van Goofy was a friendly fellow who lived in a sleepy town. He was always chatting with his friends and loved to go fishing. But when his friends were busy one sunny afternoon, Rip Van Goofy set out alone to fish at his favorite fishing hole. Then, with his line in the water, Goofy fell asleep...and woke up forty years later! Don't miss this retelling of the classic tale of Rip Van Winkle—with a Disney twist!

The Florentine Painters of the Renaissance

Kormendi Press PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from

us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when me say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend- ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream- fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

Beautiful Quilling Step-by-Step

The Brill Dictionary of Ancient Greek

Brill Academic Pub "The Brill Dictionary of Ancient Greek" is also available online and as a two-volume boxed set. "The Brill Dictionary of Ancient Greek" is the English translation of Franco Montanari s "Vocabolario della Lingua Greca." With an established reputation as the most important modern dictionary for Ancient Greek, it brings together 140,000 headwords taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE, and occasionally beyond."The Brill Dictionary of Ancient

Greek" is an invaluable companion for the study of Classics and Ancient Greek, for beginning students and advanced scholars alike. Translated and edited under the auspices of The Center for Hellenic Studies in Washington, DC, "The Brill Dictionary of Ancient Greek" is based on the completely revised 3rd Italian edition published in 2013 by Loescher Editore, Torino. Features The principal parts of some 15,000 verbs are listed directly following the entry and its etymology. For each of these forms, the occurrence in the ancient texts has been certified. When found only once, the location is cited. Nearly all entries include citations from the texts with careful mention of the source. The dictionary is especially rich in personal names re-checked against the sources for the 3rd Italian edition, and in scientific terms, which have been categorized according to discipline. Each entry has a clear structure and typography making it easy to navigate. "For a number of years now, scholars at ease in Italian have benefitted enormously from the riches, layout, concision, and accuracy of Professor Montanari's "Vocabolario della Lingua Greca," with its added advantage of the inclusion of names. Hence classicists in general will welcome the English version of this very valuable resource." Professor Richard Janko, "University of Michigan" Franco Montanari is a giant in our field, and his Dictionary is a major leap forward for us . Professor Gregory Nagy, "Harvard University""

Squirrels on Skis

Random House Books for Young Readers This new Beginner Book about manic skiing squirrels—by J. Hamilton Ray with illustrations by Pascal Lemaitre—has the feeling of an old classic read-aloud. "Nobody knew how the mania grew. First there was one, and then there were two. Three more came gliding from under the trees. LOOK! On the hill. Those are squirrels on skis! Below lay the town, snow-covered and still. Not a sound could be heard. All was silent, until . . . Swwwishhhh swooped the skiers, all dressed for play. Eighty-five squirrels and more on the way!" As you can imagine, the townsfolk are NOT amused. Can intrepid reporter Sally Sue Breeze find out where the squirrels are getting their skis-and make them stop skiing long enough to eat lunch-before pest-control guy Stanley Powers sucks them up in his vacuum device? (Don't worry—Sally triumphs in a most unexpected way.) With delightfully understated, funny illustrations by Pascal Lemaitre, this is the perfect book for beginning readers to curl up and chill out with on a snow day—or any day! Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

The Dare

Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kinks/Fetishes within: erotic humiliation, fearplay, painplay, knifeplay, consensual non-consent (CNC), orgasm denial, boot worship, spanking, crying, blowjobs, clowns, group sexual activities, spit, bondage, public play, bloodplay.
