If you need this information then Pro ASP.NET MVC 4 is your perfect book. ASP.NET MVC 4 and the Web API: Building a REST Service from Start to Finish helps you build cutting-edge REST services using ASP.NET MVC 4 and the Web API in more depth and detail than any other resource. ASP.NET MVC has always been a good platform on which to implement REST, but with the advent of the Web API it has now become even better. This book will show you why it's great and how to get the most from it. Author Jamie Kurtz will take you from zero to full-blown REST service hero in no time at all. ### BETWEEN THE REVOLUTION AND THE WEST

### A POLITICAL BIOGRAPHY OF MAXIM M. LITVINOV

Routledge This is the first complete biography of Maxim Litvinov, a Bolshevik revolutionary who began his professional life running guns into Tsarist Russia and eventually became the leading Soviet diplomat in the turbulent 1930s. His was a spectacular career, spanning some of the most dramatic decades of the twentieth century and including an unsuccessful effort to contain Hitler with the cooperation of the Western Allies. Litvinov's subsequent replacement as Soviet foreign minister by Molotov in 1939 signaled the dramatic shift in Soviet foreign policy that led directly to the outbreak of World War II. After the war, Litvinov's final public act was to bluntly warn the West of the danger presented by Stalin's cold war policies—a threat Litvinov even dared to compare with that posed by Hitler a decade earlier. Litvinov's career ended in the relative obscurity from which it had sprung, his consistently pro-Western policies no longer consonant with the reemerging Soviet hostility toward the West. Passing away from remarkably natural causes in 1951, Litvinov left behind a political legacy that lay dormant for forty years until its recent revival by Mikhail Gorbachev. Between the Revolution and the West is based on extensive research in the Soviet Union and the West, including previously unavailable archives and interviews with Litvinov's friends and family. Hugh Phillips' work casts light not only on Litvinov the man but also on Soviet foreign policy during crucial and dramatic times.

## A HISTORY OF DESIRE IN INDIA

---

'Elegant, lucid and funny, this book will appeal to as many readers as there are desires.'--Shohini Ghosh 'The history of desire in India, ' writes Madhavi Menon in this splendid book, 'reveals not purity but impurity as a way of life. Not one answer, but many. Not a single history, but multiple tales cutting across laws and boundaries.' In Bhakti poetry, Radha and Krishna disregard marital fidelity, age, time and gender for erotic love. In Sufi dargahs, pirs (spiritual guides) who were married to women are buried alongside their male disciples, as lovers are. Vatsyayana, author of the world's most famous manual of sex, insists that he did not compose it 'for the sake of passion', and remained celibate through the writing of it. Long hair is widely seen as a symbol of sexuality; and yet, shaved off in a temple, it is a sacred offering. Even as the country has a draconian law to punish homosexuality, heterosexual men share the same bed without comment. Hijras are increasingly marginalized; yet gender has historically been understood as fluid rather than fixed. Menon navigates centuries, geographies, personal and public histories, schools of philosophy, literary and cinematic works, as she examines the many--and often surprising--faces of desire in the Indian subcontinent. Her study ranges from the erotic sculptures of Khajuraho to the shrine of the celibate god Ayyappan; from army barracks to public parks; from Empress Nur Jahan's paan to home-made kohlrabi; from cross-dressing mystics to androgynous gods. It shows us the connections between grammar and sex, between hair and war, between abstinence and pleasure, between love and death. Gloriously subversive, full of extraordinary analyses and insights, this is a book you will read to be enlightened and entertained for years.

Samantha McAllister looks just like the rest of the popular girls in her junior class. ### POLICING HATE CRIME

---

### UNDERSTANDING COMMUNITIES AND PREJUDICE

Taylor & Francis In a contemporary setting of increasing social division and marginalisation, Policing Hate Crime interrogates the complexities of prejudice motivated crime and effective policing practices. Hate crime has become a barometer for contemporary police relations with vulnerable and marginalised communities. But how do police effectively lead conversations with such communities about problems arising from prejudice? Contemporary police are expected to be active agents in the pursuit of social justice and human rights by stamping out prejudice and group-based animosity. At the same time, police have been criticised in over-policing targeted communities as potential perpetrators, as well as under-policing these same communities as victims of crime. Despite this history, the demand for impartial law enforcement requires police to change their engagement with targeted communities and kindle trust as priorities in strengthening their response to hate crime. Drawing upon a research partnership between police and academics, this book entwines current law enforcement responses with key debates on the meaning of hate crime to explore the potential for misunderstandings of hate crime between police and communities, and illuminates ways to overcome communication difficulties. This book will be important reading for students taking courses in hate crime, as well as victimology, policing, and crime and community.

### BEING LOVE

Manjul Publishing We can each radiate unconditional love. We don't even need to create it - we are love. But the flow of love is blocked in moments of hurt, blame, anger, criticism, competition or insecurity. These emotions have dominated our emotional space, and hardly enable us to feel our own love. So today, we rely on someone else to love us. This book teaches us to think right, enable self-love, feel it and extend it to other people. The central message here is that love is not 'out there', but within us. A spectrum of emotions like attachment, expectations, hurt, worry, stress, fear or anger, which we use in the pretext of love, are analysed. The conversations also explore the fact that the parent-child relationship is not challenging - It does not need to be. As you free yourself from judgments and expectations, as you start thinking right for people, and as you accept people for who they are, you become a Radiator of unconditional love. You are one decision away from vibrating at a frequency of love ... by not needing love or giving love - but just by being love.

---

*Goodman Games Special Foil Edition! Spoken about for half a decade in hoary whispers, at long last Goodman Games brings you: the DCC RPG Annual. Much of the material for the DCC Annual was written between 2012 and 2014, when the original need was perceived. In many ways, it springs forth from the original inspirations of DCC RPG, which were psychically close at that time. There are magic swords. There are patrons. There are even more tables for making monsters unique. There are rules for making cleric deities more distinctive. There are rules for patron weapons and magic rings. There is the lost continent of Mu, and the hidden places between worlds. And there are rules for magical moustaches. You absolutely do not need the DCC Annual to play DCC RPG, nor does any material in the Annual supersede or otherwise change the baseline game experience as expressed in the core rulebook. There is no rules bloat: only new vistas of imagination. Made in the US.*
