HEROIC LEADERSHIP

AN INFLUENCE TAXONOMY OF 100 EXCEPTIONAL INDIVIDUALS

[Routledge](#) Heroic Leadership is a celebration of our greatest heroes, from legends such as Mahatma Gandhi to the legions of unsung heroes who transform our world quietly behind the scenes. The authors argue that all great heroes are also great leaders. The term 'heroic leadership' is coined to describe how heroism and leadership are intertwined, and how our most cherished heroes are also our most transforming leaders. This book offers a new conceptual framework for understanding heroism and heroic leadership, drawing from theories of great leadership and heroic action. Ten categories of heroism are described: Trending Heroes, Transitory Heroes, Transparent Heroes, Transitional Heroes, Tragic Heroes, Transposed Heroes, Transitional Heroes, Traditional Heroes, Transforming Heroes, and Transcendent Heroes. The authors describe the lives of 100 exceptional individuals whose accomplishments place them into one of these ten hero categories. These 100 hero profiles offer supporting evidence for a new integration of theories of leadership and theories of heroism.

SUSTAINABLE LIVELIHOOD APPROACH

A CRITIQUE OF THEORY AND PRACTICE

Springer Science & Business Media We all view the ubiquitous term 'sustainability' as a worthwhile goal. But how can we apply the principles of sustainability in the real world, at the sharp end of communities in developing nations where income insecurity is the troubled norm? This volume provides some practical answers, explaining the precepts of the 'sustainable livelihood approach' (SLA) through the case study of a microfinance scheme in Africa. The case study, centered around the work of the Catholic Church's Diocesan Development Services organization, involved an SLA implemented over two years designed in part to help enhance its existing microfinance operation through closer links between local communities and international donors. The book's central conclusion is that we must move beyond the concept of sustainable livelihood itself, with its in-built polarities between developed and developing nations, and embrace a more global notion of 'sustainable lifestyle'; a more nuanced and inclusive approach that encompasses not just how we make a sustainable living, but how we can live sustainable lives.

BARBARIAN DAYS

A SURFING LIFE

Hachette UK Winner of the Pulitzer Prize and William Hill Sports Book of the Year: *Barbarian Days* is a deeply rendered self-portrait of a lifelong surfer looking for transcendence 'that recalls early James Salter' (Geoff Dyer, *Observer*) Surfing only looks like a sport. To devotees, it is something else entirely: a beautiful addiction, a mental and physical study, a passionate way of life. New Yorker writer William Finnegan first started surfing as a young boy in California and Hawaii. *Barbarian Days* is his immersive memoir of a life spent travelling the world chasing waves through the South Pacific, Australia, Asia, Africa and beyond. Finnegan describes the edgy yet enduring brotherhood forged among the swell of the surf; and recalling his own apprenticeship to the world's most famous and challenging waves, he considers the intense relationship formed between man, board and water. *Barbarian Days* is an old-school adventure story, a social history, an extraordinary exploration of one man's gradual mastering of an exacting and little-understood art. It is a memoir of dangerous obsession and enchantment. 'Reading this guy on the subject of waves and water is like reading Hemingway on bullfighting; William Burroughs on controlled substances; Updike on adultery. . . . a coming-of-age story, seen through the gloss resin coat of a surfboard' *Sports Illustrated*
