### **DEVELOPING MINDS: AN AMERICAN GHOST STORY**

---

Almendro Arts -Winner of 2015 Stargazer Literary Prizes (Visionary and Metaphysical Fiction category) -Bronze medal winner of 2016 FAPA President's Awards (Adult eBook category) -Recommended by Kirkus Reviews **Developing Minds: An American Ghost Story** follows a group of recent college graduates who struggle with feelings of alienation and their addictions as they try to survive a year of teaching at two dysfunctional Miami public schools. A poetic and insightful coming-of-age novel, **Developing Minds** is centered on 24-year-old Luke Entelechy, an aspiring writer who sees his creative output suffer when he begins teaching at one of Miami's most challenging middle schools. As the year progresses, however, Luke begins to relate to the neglect and abuse his students suffer, and is faced with a "haunting" decision: continue to let his dark past destroy him, or rise above the struggle to realize his potential as an artist and a "real" human being. Equal parts disturbing and humorous, **Developing Minds** offers a brutally honest look at the American public school system and the extreme measures many teachers take to cope with working in it. \***Developing Minds: An American Ghost Story** is the fourth book in a loosely-linked series, with **Hammond**, **The Summer of Crud**, and **Understanding the Alacrán** as books one-three, and **The Soul City Salvation** as book five. Each novel can be read independently of the others.

## **PETITE CONFESSIONS**

---

---

### **A HUMOROUS MEMOIRETTE**

---

Createspace Independent Publishing Platform You'll laugh, you'll cry, you'll want to pour yourself another drink... #1 in Amazon Humor and #1 in Bartending! From champagne bottles to baby bottles, this memoirtte

offers a humorous look at an American mom's decade in Paris. Party girl Vicki moved to the City of Light hoping to drink her fill of wine and fall in love. She accomplished her goal, but not without bumps along the way: romantic encounters gone awry, uniquely French situations threatening her sanity, and two adorable yet energetic kids keeping her on her toes. This memoir takes you on a journey of the ups and downs of Vicki's life abroad. And each story is paired with a delicious cocktail recipe! You'll enjoy drinks like the Sangria Spritzer, Pretty Good Bloody Mary, and Teeny Bellini. Fans of Tina Fey, Amy Poehler, Mindy Kaling, and Chelsea Handler will enjoy the humor and candor in this memoir. A funny memoir about life in Paris, this collection of humorous essays shows the funny side of life, love, and raising a family in the City of Light.

**Interview with the Author**

**What was your inspiration to write the Confessions series?** After a few too many drinks, I either turn to storytelling or karaoke. I'm much better at storytelling-or so my friends say! They encouraged me to put my tales to paper, and thus was born my series of memoirs, essentially a collection of funny true stories. OK, so they're technically memoirs. But they seem different than traditional memoirs. How would you categorize them? Most bestselling memoirs are written by celebrities, who already have a huge audience. I had to choose a different angle in order to stand out, so I went for humor. I hope people enjoy my funny short stories, which have been compared to chick lit except they're true! I also talk about my travels, so my books would appeal to anyone who likes travel humor and travel memoirs by women. Confessions of a Paris Party Girl is a funny coming of age memoir, while Confessions of a Paris Potty Trainer falls under parenting humor or pregnancy humor. Yikes, those are practically spoilers! Sorry! Between my French last name and my author bio, I think the cat might already be out of the bag. However, even if you have a rough idea of how it all ends, you have no idea how rough it was getting there until you read my books! Aren't there already so many memoirs, and ones about Paris in particular? Why should I choose yours? It's true, there are some really great Paris memoirs. The fact that I have read (and enjoyed!) so many bestselling memoirs myself makes me think it's a popular genre for a reason. We're always thirsty for another sip of Paris, to travel to Paris through the pages of a book, to fall in love with Paris again! In what order should I read the books? Each book can stand alone, but like fine wine and cheese they go great together! I recommend: - Petite Confessions: A Humorous Memoirette with Sassy Drink Recipes - Confessions of a Paris Party Girl: A Humorous Travel Memoir - Confessions of a Paris Potty Trainer: A Humorous Parenting Memoir - Christmas Confessions & Cocktails: A Humorous Holiday Memoir with Sassy Drink Recipes - Confessions & Cocktails: A Humorous Memoirette with Sassy Drink Recipes

If you enjoy funny true stories, and want to see the crazy things that happened to this American girl in Paris, you'll enjoy the Confessions series!

## **SUPERNORMAL**

---

---

### **THE UNTOLD STORY OF ADVERSITY AND RESILIENCE**

---

Twelve Clinical psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not only "How do they do it?" but also "How does it feel?" These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.

## **DARK ANGELS**

---

---

### **AN INSIDER'S GUIDE TO GHOSTS, SPIRITS AND ATTACHED ENTITIES**

---

Soulhealer Press When talking about beings without bodies; angels, ascended masters and spirit guides aren't the only kids on the block. Dark Angels talks about the bad kids in town. Who are these bad kids? As a child, you might have met one at night...under your bed, in your closet or down a dark hallway. Dark Angels is an exciting exploration into the darker side of the spirit world. This isn't a dull dissertation about ghosts. It takes a fun and candid approach to addressing ghosts, attached entities and demons. Dark Angels is filled with revealing information about these dark forces and how they can influence our lives. Written in a straightforward, easy to read manner, the technical content as well as the stories shared are infused with Dr. Louise's own wit, candor and sassy style. Dark Angels delves deeply into the subject of ghosts and all those things that go "bump in the night". Dr. Louise details the differences between residual and active hauntings. She delves into the reasons why ghosts remain here on earth and explores topics including portals, ley lines, and vortexes. She also discusses how the reader can begin to detect ghostly presences intuitively, or through the use of ghost hunting equipment. In addition to ghosts, Dark Angels explores the concept of attached entities. Dr. Louise informs the reader of the true motives of these non-corporeal beings. She describes why entities attach to us, the vehicle for their attachment and the mechanism through which they are able to influence us and our lives. Dr. Louise also reveals how some mental disorders may not be psychiatric in nature, but may ultimately be caused by the presence of one of these other

worldly beings influencing the sufferer. Dark Angels also provides the reader specific methodologies he or she can use to clear a location. The techniques include how to begin communicating and interacting with these beings without bodies. Strategies include how to eliminate pesky ghosts from a location as well as how to clear oneself of an attached entity. Although reader discretion is advised, the easy to understand, clear-cut energy medicine techniques described are known to produce dramatic results by both the novice and experienced practitioner alike.

## **BEHIND THE COSMIC VEIL**

---

### **A NEW VISION OF REALITY, MERGING SCIENCE, THE SPIRITUAL AND THE SUPERNATURAL**

---

Throughout modern history, humanity has made remarkable strides toward unraveling the secrets of the universe. Yet in spite of these impressive scientific achievements, certain fundamental mysteries continue to evade both our powers of reason and our modern physics. Among these are: - Is there a Divine Order within the cosmos?- What are the causes behind the bizarre events known as the paranormal?- Are anti-gravity, time travel and teleportation possible, or are they just food for fantasy?- How was matter created "from the void?" - Is there a gateway to a higher dimension, and what does it look like?- Is dark matter real, and why can't we see it? - How did life originate on earth?- Could UFOs really be advanced spacecraft?- And how does religion and spirituality fit into all this? Questions like these have long confounded scientists, philosophers, and ecclesiastics alike. Efforts to solve these riddles have often suffered from too narrow a focus, such as those that attempt to describe telepathy or consciousness in terms of quantum theory while overlooking the vast body of other unexplained phenomena. None have led us to a single cosmological framework that can accommodate the wealth of scientific anomalies, spiritual experiences and paranormal events that are observed and recorded. Now for the first time, **BEHIND THE COSMIC VEIL** cracks the cosmic code of creation with a bold new "Theory of Everything" that encompasses all these mysteries, and many more. In this groundbreaking work, author Thomas P. Fusco employs a revolutionary approach to uncover the underlying cosmic matrix connecting contemporary physics, the human psyche, paranormal phenomena and long-established religious principles, then weaves it into an entirely new model of reality never before described that not only joins these disciplines into a single, greater system, but explains in plain English the enigmas of our time in a sensible, consistent and scientific way. This extraordinary model foretells the coming of a future super-technology by which we might spontaneously create anything we can imagine. **BEHIND THE COSMIC VEIL** opens the door to a whole new way of looking at both our inner selves and the universe around us, where the boundaries between mind, faith, physics and the supernatural become indistinguishable. This book is a must-read for anyone who has ever pondered the deeper meaning of existence. **FOR MORE INFORMATION** including the latest news, related articles, author's blog and sample chapter, go to [www.cosmicveil.com](http://www.cosmicveil.com).
