The Book of the Courtier

Courier Corporation **An insider's view of court life during the Renaissance, here is the handiwork of a 16th-century diplomat who was called upon to resolve the differences in a war of etiquette among the Italian nobility.**

The Ring and the Book

An Overview of Islamic Finance

International Monetary Fund **Islamic finance has started to grow in international finance across the globe, with some concentration in few countries. Nearly 20 percent annual growth of Islamic finance in recent years seems to point to its resilience and broad appeal, partly owing to principles that govern Islamic financial activities, including equity, participation, and ownership. In theory, Islamic finance is resilient to shocks because of its emphasis on risk sharing, limits on excessive risk taking, and strong link to real activities. Empirical evidence on the stability of Islamic banks, however, is so far mixed. While these banks face similar risks as conventional banks do, they are also exposed to**

idiosyncratic risks, necessitating a tailoring of current risk management practices. The macroeconomic policy implications of the rapid expansion of Islamic finance are far reaching and need careful considerations.

Dante, l'italiano

goWare & Accademia della Crusca Il volume che, in collaborazione con il Ministero degli Affari esteri e della Cooperazione Internazionale, l'Accademia della Crusca realizza in occasione della Settimana della Lingua Italiana nel mondo, non poteva, in questo anno centenario, che essere dedicato a Dante. Nel libro, intorno alla figura e alla lingua di Dante, convergono storie di ricerca diverse. Studiosi noti e affermati, dantisti di vaglia, si affiancano a giovani ma agguerriti ricercatori. Temi tradizionalmente legati ai più vari aspetti dell'azione e dell'immagine di Dante tracciano i perimetri fondamentali delle sue idee linguistiche, della sua operosità, della sua presenza e del suo riuso nella tradizione e nella storia, non solo letteraria, ma anche figurativa e dialettale; a essi si uniscono temi nuovi e meno scontati, che toccano molti dei mezzi e modi della comunicazione destinata al largo pubblico (dall'opera lirica alle canzoni, dal Dante dei fumetti e per ragazzi al Dante degli enigmisti, fino a una più generale considerazione del Dante pop). La varietà degli argomenti trova riscontro nella disponibilità di materiali inediti e studiati per la prima volta, che ci si augura possano essere apprezzati, anche per una fruizione didattica, da un pubblico italiano e internazionale; a questa finalità risponde anche l'inserimento di una sitografia aggiornata. Le voci e le figure di poeti e scrittori, enigmisti e fumettisti, che hanno donato le loro creazioni originali, raccontano un dialogo con Dante che viene da lontano e va oltre il centenario. Un valore aggiunto di questo libro, che percorrerà le vie del mondo, è l'immagine di copertina, realizzata da Federica Mauro, una giovane artista con disabilità: al suo Dante e le Stelle è affidata una speranza di rinascita, che porti tutti noi «a riveder le stelle».

Annual Review of Information Science and Technology

Information Today, Inc. ARIST, published annually since 1966, is a landmark publication within the information science community. It surveys the landscape of information science and technology, providing an analytical, authoritative, and accessible overview of recent trends and significant developments. The range of topics varies considerably, reflecting the dynamism of the discipline and the diversity of theoretical and applied perspectives. While ARIST continues to cover key topics associated with "classical" information science (e.g., bibliometrics, information retrieval), editor

Blaise Cronin is selectively expanding its footprint in an effort to connect information science more tightly with cognate academic and professional communities. Contents of Volume 40 (2006): SECTION I: Information and Society Chapter 1: The Micro- and Macroeconomics of Information, Sandra Braman Chapter 2: The Geographies of the Internet, Matthew Zook Chapter 3: Open Access, M. Carl Drott SECTION II: Technologies and Systems Chapter 4: TREC: An Overview, Donna K. Harman and Ellen M. Voorhees Chapter 5: Semantic Relations in Information Science, Christopher S. G. Khoo and Jin-Cheon Na Chapter 6: Intelligence and Security Informatics, Hsinchun Chen and Jennifer Xu SECTION III: Information Needs and Use Chapter 7: Information Behavior, Donald O. Case Chapter 8: Collaborative Information Seeking and Retrieval, Jonathan Foster Chapter 9: Information Failures in Health Care, Anu MacIntosh-Murray and Chun Wei Choo Chapter 10: Workplace Studies and Technological Change, Angela Cora Garcia, Mark E. Dawes, Mary Lou Kohne, Felicia Miller, and Stephan F. Groschwitz SECTION IV: Theoretical Perspectives Chapter 11: Information History, Alistair Black Chapter 12: Social Epistemology and Information Science, Don Fallis Chapter 13: Formal Concept Analysis in Information Science, Uta Priss.

Cyberterrorism

The Use of the Internet for Terrorist Purposes

[Council of Europe](#) **Cyberterrorism and the misuse of Internet for terrorist purposes represents a serious threat, since many essential aspects of today's society are completely dependent upon the functioning of computer systems and the Internet. Further to the adoption by the Council of Europe of the Cybercrime Convention (2001) and the Convention on the Prevention of Terrorism (2005), its Committee of Experts on Terrorism (CODEXTER) has been studying this matter and surveying the situation in member states to evaluate whether existing legal instruments are sufficient to combat this emerging form of crime. This publication contains an expert report prepared by the Max Planck Institute, which evaluates the main problems that arise in the context of cyberterrorism and provides recommendations, together with**

reports on the situation in the member and observer states of the Council of Europe and the relevant Council of Europe conventions

The Complete Poems

The 1554 Edition of the "Rime," a Bilingual Edition

University of Chicago Press **Gaspara Stampa** was lauded for her singing during her lifetime, but her success and critical reputation as a poet emerged only after her verse was republished in the early eighteenth century. Her poetry runs the gamut of human emotion, ranging from ecstasy over a consummated love affair to despair at its end. While these tormented works and their multiple male addressees have led to speculation that Stampa may have been one of Venice's famous courtesans, they can also be read as a rebuttal of typical assumptions about women's roles. Championed by Rainer Maria Rilke, among others, she has more recently been celebrated by feminist scholars for her distinctive and original voice and her challenge to convention. This is a translation of Stampa into English.

This Is How You Lose the Time War

Gallery / Saga Press **Two time-traveling agents from warring futures, working their way through the past, begin to exchange letters—and fall in love in this thrilling and romantic book from award-winning authors Amal El-Mohtar and Max Gladstone. In the ashes of a dying world, Red finds a letter marked “Burn before reading. Signed, Blue.” So begins an unlikely correspondence between two rival agents in a war that stretches through the vast reaches of time and space. Red belongs to the Agency, a post-singularity technotopia. Blue belongs to Garden, a single vast consciousness embedded in all organic matter. Their pasts are bloody and their futures mutually exclusive. They have nothing in common—save that they’re the best, and they’re alone. Now what began as a battlefield boast grows into a dangerous game, one both Red and Blue are determined to win. Because winning’s what you do in war. Isn’t it? A tour de force collaboration from two powerhouse writers that spans the whole of time and space.**

Experimental and Quasi-experimental Designs for Generalized Causal Inference

Wadsworth Publishing Company Sections include: experiments and generalised causal inference; statistical conclusion validity and internal validity; construct validity and external validity; quasi-experimental designs that either lack a control group or lack pretest observations on the outcome; quasi-experimental designs that use both control groups and pretests; quasi-experiments: interrupted time-series designs; regression discontinuity designs; randomised experiments: rationale, designs, and conditions conducive to doing them; practical problems 1: ethics, participation recruitment and random assignment; practical problems 2: treatment implementation and attrition; generalised causal inference: a grounded theory; generalised causal inference: methods for single studies; generalised causal inference: methods for multiple studies; a critical assessment of our assumptions.

Teaching Children to Read: Reports of the subgroups

The Death and Life of Great American Cities

Random House In this classic text, Jane Jacobs set out to produce an attack on current city planning and rebuilding and to introduce new principles by which these should be governed. The result is one of the most stimulating books on cities ever written. Throughout the post-war period, planners temperamentally unsympathetic to cities have been let loose on our urban environment. Inspired by the ideals of the Garden City or Le Corbusier's Radiant City, they have dreamt up ambitious projects based on self-contained neighbourhoods, super-blocks, rigid 'scientific' plans and endless acres of grass. Yet they seldom stop to look at what actually works on the ground. The real vitality of cities, argues Jacobs, lies in their diversity, architectural variety, teeming street life and human scale. It is only when we appreciate such fundamental realities that we can hope to create cities that are safe, interesting and economically viable, as well as places that people want to live in. 'Perhaps the most influential single work in the history of town planning... Jacobs has a powerful sense of narrative, a lively wit, a talent for surprise and the ability to touch the

emotions as well as the mind' New York Times Book Review

The Latin Sexual Vocabulary

JHU Press

What Works in Girls' Education

Evidence for the World's Best Investment

Brookings Institution Press **Hard-headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate their girls. Gene Sperling, author of the seminal 2004 report published by the Council on Foreign Relations, and Rebecca Winthrop, director of the Center for Universal Education, have written this definitive book on the importance of girls' education. As Malala Yousafzai expresses in her foreword, the idea that any child could be denied an education due to poverty, custom, the law, or terrorist threats is just wrong and unimaginable. More than 1,000 studies have provided evidence that high-quality girls' education around the world leads to wide-ranging returns: Better outcomes in economic areas of growth and incomes Reduced rates of infant and maternal mortality Reduced rates of child marriage Reduced rates of the incidence of HIV/AIDS and malaria Increased agricultural productivity Increased resilience to natural disasters Women's empowerment What Works in Girls' Education is a compelling work for both concerned global citizens, and any academic, expert, nongovernmental organization (NGO) staff member, policymaker, or journalist seeking to dive into the evidence and policies on girls' education.**

The Time Traveler's Wife

Night Bookmobile Editions **A most untraditional love story, this is the celebrated tale of Henry DeTamble, a dashing, adventuresome librarian who inadvertently travels through time, and Clare Abshire, an artist whose life takes a natural sequential course. Henry and Clare's passionate affair endures across a sea of time and captures them in an impossibly romantic trap that tests the strength of fate and basks in the bonds of love. "Niffenegger's inventive and poignant**

writing is well worth a trip” (Entertainment Weekly).

Frankenstein (Modern English Translation)

Carefully edited for modern readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobbles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored, setting in motion a chain of violence and terror that shadows Victor to his death. Mary Shelley's Frankenstein, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting.

Throne of Power

When powers clash...In the mafia world, women don't reign.I'm the exception of that rule.I didn't choose this life, it chose me.I have a legacy to protect, a power to snatch, and no one will stop me.If an arranged marriage is what it'll take to lead, then so be it.What I don't count on is that my chosen husband is a ghost from my past.Kyle Hunter.He was once my guard, my protector. Now, he's after my kingdom.The road to the throne is paved with thorns, blood, and casualties.To win, I'll risk it all. My heart included.This book is part of a duet and is not standalone.

Surviving Supply Chain Integration

Strategies for Small Manufacturers

National Academies Press The managed flow of goods and information from raw material to final sale also known as a "supply chain" affects everything--from the U.S. gross domestic product to where you can buy your jeans. The nature of a company's supply chain has a significant effect on its success or failure--as in the success of Dell Computer's make-to-order system and the failure of General Motor's vertical integration during the 1998 United Auto Workers strike. Supply Chain Integration looks at this crucial component of business at a time when product design, manufacture, and delivery are changing radically and globally. This book explores the benefits of continuously

improving the relationship between the firm, its suppliers, and its customers to ensure the highest added value. This book identifies the state-of-the-art developments that contribute to the success of vertical tiers of suppliers and relates these developments to the capabilities that small and medium-sized manufacturers must have to be viable participants in this system. Strategies for attaining these capabilities through manufacturing extension centers and other technical assistance providers at the national, state, and local level are suggested. This book identifies action steps for small and medium-sized manufacturers--the "seed corn" of business start-up and development--to improve supply chain management. The book examines supply chain models from consultant firms, universities, manufacturers, and associations. Topics include the roles of suppliers and other supply chain participants, the rise of outsourcing, the importance of information management, the natural tension between buyer and seller, sources of assistance to small and medium-sized firms, and a host of other issues. Supply Chain Integration will be of interest to industry policymakers, economists, researchers, business leaders, and forward-thinking executives.

Complementary & Alternative Therapies in Nursing Seventh Edition

[Springer Publishing Company](#) **Print+CourseSmart**

Technological Slavery (Large Print 16pt)

[ReadHowYouWant.com](#) **Theodore Kaczynski saw violent collapse as the only way to bring down the techno-industrial system, and in more than a decade of mail bomb terror he killed three people and injured 23 others. One does not need to support the actions that landed Kaczynski in supermax prison to see the value of his essays disabusing the notion of heroic technology while revealing the manner in which it is destroying the planet. For the first time, readers will have an uncensored personal account of his anti-technology philosophy, including a corrected version of the notorious "Unabomber Manifesto," Kaczynski, s critique of anarcho-primitivism, and essays regarding "the Coming Revolution."**

I Am Yours

A Shared Memoir

Amberjack Publishing **It is time. It is time to free our voice. To speak is a revolution. For too long, through the most intimate acts of erasure, women have been silenced. Now, women everywhere are breaking through the limits placed on us by family, society, and tradition. To find our voices. To make space for ourselves in this world. Now is the moment to reclaim what was once lost, stolen, forsaken, or abandoned. I Am Yours is about my fight to protect and free my voice from those who have sought to silence me, for the sake of creating a world where all voices are welcome and respected. Because the voice, without intimacy, will atrophy. We're in this together. You are mine, and I am yours.**

Colonial Encounters

Europe and the Native Caribbean, 1492-1797

Così sei nato tu 7-10 anni. Una storia in rima per spiegare come nascono i bambini

Edizioni Erickson **Niente più cavoli o cicogne: oggi i bambini devono ricevere un'educazione sessuale scientificamente valida, ma adeguata alla loro età e capacità di comprensione. Non sempre è un compito facile, per gli adulti. Il libro propone una buona alternativa: raccontare il percorso della nascita, dal concepimento al parto, con un linguaggio narrativo e poetico al tempo stesso, ma comunque preciso. I bambini così capiscono che la sessualità è una dimensione della nostra vita carica di significati emozionali e relazionali. Il testo si accompagna a splendide illustrazioni e ad una sezione ludica, con test, disegni da colorare, indovinelli, ecc.**

A Glossary of Literary Terms

Alphabetically arranged and followed by an index of terms at the end, this handy reference of literary terms is bound to be of invaluable assistance to any student of English literature.

The Curious Incident of the Dog in the Night-time

Random House **Winner of the Whitbread Book of the Year 'Outstanding...a stunningly good read' Observer 'Mark Haddon's portrayal of an emotionally dissociated mind is a superb achievement... Wise and bleakly funny' Ian McEwan** **The Curious Incident of the Dog in the Night-Time is a murder mystery novel like no other. The detective, and narrator, is Christopher Boone. Christopher is fifteen and has Asperger's Syndrome. He knows a very great deal about maths and very little about human beings. He loves lists, patterns and the truth. He hates the colours yellow and brown and being touched. He has never gone further than the end of the road on his own, but when he finds a neighbour's dog murdered he sets out on a terrifying journey which will turn his whole world upside down.**
