Complete conjugations for 57 basic model verbs (along with 27 "variants") and a comprehensive listing of some 6,200 verbs that indicates which of the models each verb follows. FRENCH VERBS Made Easy PLUS

[NEW, expanded, Third Edition, September 2021] Having trouble getting your head round FRENCH VERBS? They aren't as difficult as you may think. This brightly coloured book, with its accompanying set of YouTube videos, is designed to be the perfect desk companion for any teacher of French, or beginner, KS3 or GCSE student. The whole French verb

system is boiled down to its simplest components, to make it as easy as possible to understand and memorise. The basic philosophy is to explain in visual terms what happens to individual verbs or groups of verbs, as a teacher would explain it. Recurring patterns are made crystal-clear. The stems of verbs are carefully lined up so that you can easily follow the changes that occur. Different colours immediately highlight patterns. Tricky irregularities and important variations are marked in a range of colours, bold type, italics, capital letters and underlining. You can quickly see the main groups of verbs and you will learn how easy it is to form different tenses and when to use them. The rationale behind this method of setting out verbs was born of the author's six decades of experience teaching French in school classrooms and in one-to-one tutoring. NEW to this 3rd edition (2021) is the "Plus" section - over 50 pages of GRAMMAR TIPS, using the same range of visually clear colour-coding/lining-up etc. techniques as the Verbs section. This is not a comprehensive outline of French Grammar - standard text books provide that. This section is intended to clarify points of grammar and vocabulary which are commonly misunderstood. Examples contain a range of useful everyday vocabulary. Also separately available - available as a paperback or a freely downloadable pdf - is a new Workbook (2021) which contains 219 practice sentences designed to help you master the verbs laid out in this book. [The 1st edition of FVME has been recorded in a series of videos - like short lessons, with correct pronunciation and spellings read out. Search for "Rosemary's French Verbs Made Easy" on YouTube (published March 2019 - <https://www.youtube.com/channel/UC9kie1dzEV0MIwlcCs0ohqg>). It is intended that a similar set of videos will be created for this 3rd edition in due course.]

Understanding Core French Grammar

Vernon Press This book contains an explanatory treatment of the core areas of difficulty for the English speaking learner of French. It deals with the key issues in tense formation and use and verbal structures and processes such as negation, passives and subjunctives along with a highly exemplified treatment of pronouns and a section dealing with adjectives and other elements of the grammar. It fills a gap between general text books of French in which grammatical issues are frequently treated piecemeal and scattered throughout the book in between more communicative information on one hand and exhaustive reference grammars aimed at graduate and research students on the other which would be beyond the level of intellectual maturity of most school children and some non-specialist undergraduates. It has the advantage of treating each grammatical issue in detail but without being too long-winded, explaining the systems and processes which underlie the facts of the language. The emphasis is on explanation and not merely the listing of facts, enabling the learner to master the system and become an independent user of the language. It could be used highly successfully either as a classroom aid alongside the more usual textbooks which are organized typically around topics and themes in society or for self-study for the committed individual learner of any age. There are extensive exercises and answers for all topics covered.
