KEY=BRIGHT - CABRERA ELAINA

Star Bright

JMS Books LLC **Rafi Reyes figures going along with a fake-dating stunt is only fair after Julian Gault saves his life. The young actor is famously cold and snotty, and Rafi's rock band is falling apart in the wake of betrayal. A shiny new romance might be just what both their reputations need. It's too bad they don't actually like each other, but they'll both benefit -- a softer public image for Julian, revenge against his ex for Rafi. But as they navigate public events, attend red-carpet premieres, and play cat-and-mouse with paparazzi together, Rafi gets to know a different Julian than he expected -- one who defends horses, takes care of his troubled cousin, and has Rafi's back against his dysfunctional family. Rafi starts to hope he and Julian have something real together. But Julian has secrets more painful than Rafi can imagine. With Julian's powerful and controlling uncle scheming to turn them against each other, their relationship must become something much deeper if it -- and possibly either of them -- are to survive.**

Star Light, Star Bright

SSN Storytelling **A plaintive call for help from across the void of space draws the star Alberon's attention, and incites it to compassionate assistance. But how does a star help something so far away from itself? Star Light, Star Bright is a 2,100 word scifi short story.**

Far Bright Star

Hachette UK **"Gleaming, spellbinding fiction . . . Terrifying and abruptly beautiful, the new novel gleams with a masculine intensity; it is hard to read and hard to put down."—The Cleveland Plain Dealer** The year is 1916. The enemy, Pancho Villa, is elusive. Terrain is unforgiving. Through the mountains and across the long dry stretches of Mexico, Napoleon Childs, an aging cavalryman, leads an expedition of inexperienced horse soldiers on seemingly fruitless searches. Though he is seasoned at such missions, things go terribly wrong, and his patrol is suddenly at the mercy of an enemy intent on their destruction. After witnessing the demise of his troops, Napoleon is left by his captors to die in the desert. Through him we enter the conflicted mind of a warrior as he tries to survive against all odds, as he seeks to make sense of a lifetime of senseless wars and to reckon with the reasons a man would choose a life on the battlefield. Olmstead, an award-winning writer, has created a tightly wound novel that is as moving as it is terrifying.

Comings and Goings

From the Sun to the Stars

World Scientific **The book begins at the Sun then travels through the solar system to see the stars, how they work, and ultimately what they mean to us. The idea is to provide an integrated view of the galaxy and its contents. Along the way we look at spectra, atmospheric phenomena, gravity and the laws of motion, telescopes and how they work, interstellar gas and dust, star birth and death, and planets orbiting other stars. Most popular books tend to focus on**

one particular topic. *From the Sun to the Stars* is one of the few that tells the story of the Sun against the background of other stars and other planets and, for that matter, of stars and other planets against the background of the Sun and solar system. This presents the subject with a breadth that few other books can match.

Star Bright

[Page Publishing Inc](#) When observing the morning or evening star, Planet Venus, modern-day people recognize it as a lifeless, brightly glowing rock in the sky where no one can go because its atmosphere is far too inhospitable. Yet from ancient times all the way up to the not-too-distant past, it was regarded by some people as the embodiment of supernatural beings who observed them right back. Believing it to be an object of worship in whom one could seek solution to problems and an overseer in the sky who cast judgment over human behavior, in the past Planet Venus was perceived quite differently than it is today. In representation of what the world was like before the true nature of Planet Venus was revealed, *Star Bright* delves into the inevitable conflicts between spiritualism and the realities of human nature. Adhering to the mythological comportment of deific entities, historical detail, and the societal norms of subject periods and places as well as possible, the sixteen separate stories comprising *Star Bright* shine light on the human ground game that played out as a result of the mystical significance placed upon the second planet from the sun. Among the many characters in the novel is an ambitious young woman of the Sumer civilization and her extraordinary companion, a fatalistic Israelite king leading an army off to war, and a spoiled rotten countess of the French Bourbon Dynasty who harbors delusions of godhood, just to name a few. From the very earliest establishment of civilization, Planet Venus continues to exact its influence over humankind.

Black Star, Bright Dawn

[Houghton Mifflin Harcourt](#) In this redesigned edition of Scott O'Dell's classic novel, a young Eskimo girl encounters frightening obstacles when she takes her father's place in the Iditarod, the annual 1,172-mile dogsled race in Alaska.

Life of Us (U.S.)

[iUniverse](#) *Life of US (U.S.)* is addressed to those who love children and are seeking God's guidance. The author encourages readers to explore whether some governments are taking US on the road to Hell, where God's children are left wanting. Children in need of a better life are left to die unnecessary deaths; they watch their parents lose jobs, and they see them losing their houses. We watch our neighbors go to jail and live in another form of Hell on Earth. If you believe this suffering needs to be eliminated, *Life of US (U.S.)* will introduce you to important concepts. God has a plan. What is it and how do we get started?

The Antichrist God's Version

[iUniverse](#) The book covers the Book of Daniel, the silent war against the Antichrist or the book the church does once. The church is talking about Satan, the False Messiah and the Antichrist. What would you do if you had a chance to take down the Antichrist? The Antichrist is going to make eighty two percent of the standing armies useless. What should you do? Are we cursed with the solution? Is this Antichrist going to rule? Is he going to destroy all that you worked for? This sounds very serious all this terrorism and this Antichrist. The only chance we truly have is the seven angels or seven stars of the church. They are the salvation of the planet. Learn how it will happen. In Mark 9:12, Jesus stated, "Elias will cometh first, and restoreth all things."

Star Light, Star Bright (Starlight Trilogy Book #2)

[Baker Books](#) Jenny's search for truth and for power to control her own destiny continue even into her marriage to the young lawyer, Mark Cartwright. Her happiness and security with Mark are often shadowed by dark thoughts and frightening memories. The very beliefs which seemed to have brought them together are now pulling them apart... In the historical framework of Mormonism's roots, here is the powerful continuation of Jenny's story.

A Star-bright Lie

[Dalkey Archive Press](#) Foreword by Edmund White

Star Light, Star Bright

Exploring Our Solar System

[Red Chair Press](#) Have you ever laid on the ground at night looking up at the twinkling stars? Those stars are the millions of planets, moons, suns and space dust that make up the Milky Way Galaxy. Our Solar System lives in this galaxy and we are viewing Earth's neighbors when we look at the night sky. Sometimes you might see a shooting star streak across the sky. This is usually a meteoroid, small rock or ice that enters the Earth's atmosphere and burns up. Imagine what it must be like to zip through space and look back to Earth where kids around the globe are gazing into the night sky. Includes the most up-to-date findings from the New Horizons satellite.

Star Light, Star Bright

[Katherine Stone](#) "Who needs diamonds when you have the stars?" Brooke's question was posed to the sparkling sky. It was the final night of her spring break, and the first time she and Rafe had been together after dark. The voice she heard a moment later was Rafe's, but the language was music. "What did you say, Rafe?" What are you singing to me? "I said what you said, Brooke. 'Who needs diamonds when you have the stars?'" "But in what language?" "Nahuatl. The language of my ancestors." Rafe is a descendant of enemies, of vanquished emperor and triumphant conquistador, and inside him the battle rages still. When a monstrous storm destroys everyone and everything Rafe loves, he finds sanctuary in a new land and comfort in the gentle grace of horses. He applies for work at Fox Haven Farm, an equestrian estate in Virginia, and home of 17-year-old Brooke and 15-year-old Lily. The girls were raised as sisters and were once so close, but Lily's mysterious illness has separated them. Only Brooke is at the Farm when Rafe arrives. Lily is at a clinic in Switzerland with Brooke's mother and Lily's father. Rafe and Brooke have nine days together, caring for the horses they love, smiling, talking . . . and touching? No. Rafe is a worldly twenty-two year-old and Brooke is a lovely innocent. And, he believes, they have all the time in the world. But tragedy strikes when Lily returns. Within hours of the tragedy Brooke is gone—without even saying goodbye—to live with her grandmother in California, and fragile, devastated Lily, the sole heir to Fox Haven Farm, is alone, afraid, and needing Rafe's help. Now, Brooke decides to go back to the Farm. She must. Her life is stalled. She has to make sense of the past, make peace with it, before she can truly go forward. Praise for the novels of Katherine Stone: Katherine Stone writes "in the vein of Danielle Steel and Sandra Brown."—Library Journal "A hauntingly beautiful story set against the splendor of California's Napa Valley. An intriguing, multilayered tale filled with such deep emotions and vivid descriptions that it's nearly impossible to put down."—Rendezvous on Bed of Roses "Heart-tugging . . . few romance fans will remain unmoved."—Publishers Weekly on Thief of Hearts "Poignant . . . Cass is an intrepid heroine, but it is Chase who wins our hearts when he refuses to allow Cass's seeming betrayal to stop him from protecting his beloved."—Midwest Book Review on Bed of Roses "Remarkably romantic and thoroughly enchanting."—Rendezvous on Pearl Moon "Fairytale elements mix with those of a present day romance for . . . thoroughly enjoyable results."—Kirkus Reviews on Rainbows "Sweeping drama . . . Her most emotionally charged and intricate story of love yet."—Romantic Times on Imagine Love "Alluring . . . Fascinating . . . Each page brings a new adventure, every plot twist another question begging to be answered."—Rendezvous on Imagine Love Katherine Stone's "high quality romance ranks right up there with Nora Roberts."—Booklist

The Lives of Stars

Presents information about the life cycle of the stars, describing how they are formed, the characteristics of such phenomena as red giants, white dwarfs, supernovae, star clusters, and black holes, and the possibility of life in outer space..

The child's Latin primer; or, First Latin lessons, extr.,

with questions and answers, from an 'Elementary Latin grammar'.

A Concise History of Chinese Literature (2 vols.)

BRILL Adopting new theoretical perspectives and using updated research, this book by a leading Chinese scholar seeks to provide a coherent, panoramic description of the development of premodern Chinese literature and its major characteristics.

A Concise History of Chinese Literature

BRILL A history of Chinese literature from its early beginnings through the end of the Qing dynasty, this recent work from Professor Luo Yuming of China's Fudan University seeks to provide, by adopting new theoretical perspectives and using updated research, a coherent, panoramic description of the development of Chinese literature and its major characteristics. As one of the very few English translations of such works by Chinese authors it seeks to inform the Western audience of the recent viewpoints and scholarship on the topic from a leading Chinese scholar. It may also provide some grounds of comparison and contrast with equivalent works in the West.

PICTURING HEAVEN IN EARLY CHINA

Harvard University Press Tian, or Heaven, had been used in China since the Western Zhou to indicate both the sky and the highest god. Examining excavated materials, Lillian Tseng shows how Han-dynasty artisans transformed various notions of Heaven—as the mandate, the fantasy, and the sky—into pictorial entities, not by what they looked at, but by what they looked into.

From a Changeling Star

A Novel of the Starstream

Starstream Publications Into a dying star . . . Beneath the roiling surface of Betelgeuse, scientists anxiously await the one man essential to the success of Starmuse, the greatest engineering project in human history. But on Kantano's World, Willard Ruskin battles invisible agents for control of his life, his physical form, and even his memories. Drawn into a conflict from which not even death will free him, Ruskin must find a way to reach Betelgeuse before his enemies sabotage Starmuse—and humanity's future among the stars. A harrowing journey from inside the human cell... to the mind of a dying star. A stunning blend of hard science fiction with moving characterization, both human and otherwise. Introduces the robot Jeaves, familiar to readers of The Chaos Chronicles. From the Nebula-nominated author of Eternity's End. Original print publication by Bantam Spectra. A Locus bestseller. **REVIEW QUOTES:** "Starts with a bang and keeps getting better. Carver handles not one, but two hot topics, and presents both vividly." —David Brin, author of Existence and Startide Rising "Running from the micro to the macro and back again, redefining sentience, space-time, and perhaps humanity along the way, From a Changeling Star is a fast-paced puzzler, rich in invention, and Jeffrey A. Carver's most ambitious book to date." —Roger Zelazny "As audacious and imaginative as the best of John Varley, with characters as memorable as those of Sturgeon or Zelazny, and with one of the most powerful endings in science fiction, this book will both hold and reward your attention." —Spider Robinson, author of The Stardance Trilogy

and Variable Star “Carver does an excellent job of tickling your sense of wonder, and in the end he leaves you both satisfied and craving another serving of his considerable talent.” —Tom Easton, Analog
