SPEAKING IN TONGUES

HarperCollins Australia *When you no longer believe in eternity, every moment counts -- A memoir of breaking free and reinvention From the outside, Tom Tilley's childhood seemed ordinary. The first son of a pastor, he grew up in a beautiful country town where life revolved around football, his loving family and their Pentecostal faith. But behind church doors, a strictly enforced set of rules included a looming ultimatum: if Tom didn't speak in tongues, he'd go to hell and be outcast from his close-knit, devout community. The older Tom became, the more he questioned the teachings of the church, especially around speaking in tongues. And the more he heard about his parents' adventurous lives before they found God, the more he wanted the freedom to make those 'mistakes' that the church forbade. Eventually, after years of suppressing his doubts in silence, Tom spoke up. Having the courage to do so came at a huge personal cost, leading to a decision that would take his family to breaking point. What happened next is surprising, and Tom's journey to independence will inspire readers to ask what's true in their own lives and who they really are. Told with empathy and searing honesty, Speaking in Tongues is a powerful coming-of-age story about questioning the life created for you and building your true self, one recycled brick at a time.*

ENJOYING INTIMACY WITH GOD THROUGH TONGUES AND INTERPRETATION

Called Writers Christian Publishing *Have you ever wondered why your prayer language doesn't sound like real words? And why is it so repetitive? Why does it usually start with the same few words or syllables? Maybe you've asked those*

questions at times. We've asked the same questions—and quite a few others—regarding the gifts of tongues and interpretation of tongues. Then we sought the Lord for understanding of these gifts and did our best to operate in them faithfully. He gave us many insights and answers, and then brought it all together in a book. That was something we never really planned. It just sort of happened. We aren't megachurch pastors. We don't lead multi-national ministries. But we did have a calling from the Lord to write a book and spread a message. What exactly is that message? Speaking in tongues and interpreting tongues are powerful gifts with practical use for everyday people like us. When people operate in these gifts, God blesses the person operating in the gift, but He also blesses the people around them. Other Questions We Explore in the Book: What does speaking in tongues feel like emotionally? What is the purpose of speaking in tongues? What are the benefits? How does the gift of interpretation work? Are biblical tongues earthly languages, or heavenly languages? Or both? We invite you to explore these questions with us, as you read through our book. SPEAKING IN TONGUES REVELATION

Speaking In Tongues, Revelation: This book addresses mainly the mystery of the phenomenon of speaking in an unknown tongue. In other words, speaking in an unknown language called tongues. It also addresses the deception of coveting the wrong spiritual gifts. The author breaks down the mechanics of this controversial subject in details from the Scriptures, in opposition to many who have assumed what has been taught. In reading this book, you will gain a full and thorough understanding of the "tongues" spoken in churches today from which you may draw your own conclusion. Many will learn more from the Bible on this subject in one setting than previously in their life. The author states that, God uses ordinary people to carry His word. ACT 2:3 12:11 Michael W. Skinner, a born again Christian, received Christ in 1978. He has studied the teachings of more than 40 pastors and teachers of the Gospel around the country. Many of them are renowned, but teach doctrines apart from the Scriptures. He lives in Norfolk, Virginia. His wife died a few months ago in 2012, before publishing this book. Skinner has two sons and one daughter deceased.

SPEAKING IN TONGUES

MULTI-DISCIPLINARY PERSPECTIVES

Wipf and Stock Publishers *Speaking in tongues (glossolalia) is a common spiritual phenomenon in the Pentecostal and Charismatic streams of the Christian church. Such Christians believe that when they speak in tongues they are communicating with God in a language that they have never learned--spiritual prayer language given to them by the Holy Spirit. This innovative volume seeks to enhance our understanding and appreciation of glossolalia by examining it from a range of different angles. Christian scholars from diverse academic disciplines bring to bear the insights of their own specialist areas to shed new light on the practice of speaking in tongues. The disciplines include: New Testament Studies--Max Turner Theology--Frank D. Macchia History--Neil Hudson Philosophy--James K. A. Smith Linguistics--David Hilborn Sociology--Margaret M. Poloma Psychology--William K. Kay A final chapter by Mark J. Cartledge seeks to show how all of these perspectives can work together and enrich a Christian appreciation of the gift of tongues.*

HIDDEN POWER OF SPEAKING IN TONGUES

Destiny Image Publishers *Almost 40 years ago John and Elizabeth Sherill introduced the world to the phenomenon of 'speaking in tongues' in their book, They Speak with Other Tongues. The book was an immediate success as thousands were touched by the power of this spiritual gift. The Hidden Power of Speaking in Tongues again explores this spiritual experience powerfully prevalent in the early church. This much maligned and controversial gift was a practical part of their worship and intercession and seeks to be rediscovered in our day. In a day of spiritual poverty, Chavda challenges the Body of Christ to experience afresh the secret dynamic of 'speaking in tongues', as he removes the veil covering this glorious gift.*

SPEAKING IN TONGUES - GLOSSOLALIA

TONGUES FOR TODAY?

Speaking In Tongues - Glosso INTENSELY CONTROVERSIAL! *This tough and gritty book is straight from the trenches of the war over the Pentecostal phenomenon of Speaking in Tongues today. Taking no prisoners the author takes on many of the most divisive aspects of the modern Speaking in Tongues phenomenon. No punches are left out and no side on this very controversial subject are safe from this scalding book of insights. The book points out some startling misuses and abuses that need to be considered when determining if Tongues are for Christians today. This book is a must for those who think they have heard it all from all sides on this issue, but feel unsatisfied. In it is presented some unusual thoughts, radical approaches, and new understanding of the topic of Tongues. Though not a Biblical study, this book shares some very unorthodox personal insights to the subject. As coarse as it is towards conventional understandings of Tongues, this book does not condemn the practice, just the presumptions. Pentecostals will be surprised how there actually is more to Tongues than meets the ears. Conservative Christians will be stunned at how frank*

the discussion is regarding Speaking in Tongues. The overall tone is one of getting one's act together whichever side you land on the issues of Tongues. Such points are made that if you are going to practice Speaking in Tongues, at least know what you are doing, and be aware of how God treats the phenomenon. One thing is for certain. You have never heard many of these thoughts before! Whether you love or hate this book, no doubt you will have some new things to consider regarding Speaking in Tongues today. Considering how explosively controversial this book is, I call it, "Shock and Awe" for today's Pentecostal. Excerpt's from the book: The Pentecostal mindset at best is to have pity on those not 'Filled with the Spirit', or statements like, "It's their loss". I can't say I've ever heard a Pentecostal say it was a loss to the Body of Christ, or the ministry of Holy Spirit. Many claim ecstatic experiences, near death experiences or other religious and unusual phenomenon such as an awareness of a presence, spiritual visions, unusual vocalizations, etc. But stimulating the temporal lobe regions of the human brain with mild magnetic current can artificially induce many of those phenomena. The atheist Michael Persinger has produced some fascinating research with his so-called "God Helmet". The results of several brain scan studies concluded Speaking in Tongues did not involve the speech areas of the brain. The precise area affected was unclear in its purpose, but I believe the act of Speaking in Tongues, privately in particular, reflects a pliable mental state similar to deep meditation. The repetitive sounds certainly resemble the practice of chanting, but seem more deliberate. Regardless of its veracity, Speaking in Tongues is perceived by many outside Pentecostal circles as an object receiving excessive attention, possibly qualifying as an icon of idolatry as others outside Orthodoxy consider images of Mary and saints as such. Though considered irrelevant by many, sacrilegious by others, the audio qualities of Speaking in Tongues have been evaluated in modern times from a scientific perspective. It is apparent to me Speaking in Tongues in general is best understood as 'stimulus' such as a kitten kneading (massaging) its mother's breast to encourage milk production. That is to say expressions of Speaking in Tongues are submissive postures before God, stimulating the grace of God to actively fall. I have witnessed the mentally ill Speak in Tongues, as a frightening manifestation of demonic activity, while the same person, and same audible sounds, while under the Anointing of the Holy Spirit, spoke praises to God.

AN EXPERIMENT IN SPIRITUAL EXPERIENCE

VOICES FROM THE GODS

Routledge Glossolalia (paranormal speaking in tongues) and zenolalia (paranormal speaking in allegedly foreign languages) are features of many sub-cultures and religions. The most obvious example is Pentecostalism, where every believer in

many denominations is expected to speak in tongues at least once - the gift in other cultures being limited to individuals, shamans and mediums. This book, first published in 1978, surveys the practice of 'speaking in tongues' in anthropology, Christianity and spiritualism, and provides an analysis of the psychological, theological and linguistic considerations of the phenomenon.

MYSTERY OF SPEAKING IN TONGUES

Createspace Independent Publishing Platform This Book was divinely inspired in an encounter I had with the Holy Spirit on November 21st 2015. This encounter was to unveil the Mystery of Speaking in Tongues. A mystery, the Lord said if properly understood, believed, and applied will turn anyone's life into a glorious mystery. This is that which controls all other mysteries in the word of God. In this book you will learn the why, the how, and the amazing benefits that speaking in God's heavenly language will bring to your life. God's heavenly language, which is called speaking in tongues, shuts your mouth from talking like a human being to thinking and acting like the spirit being that you actually are. You will also discover in this book how speaking in tongues will give you access to the deep things of God. For in this kingdom, what you speak is what you see. What you see are the only things you are permitted to seize. You have been Blessed with all Spiritual Blessings in heavenly places. We all have concerns that are enigmatic in nature that needs unraveling. Who you talk to, determines the answers you get. 1 Corinthians 14:2, says for he that speaketh in an unknown tongue speaketh not unto men, but unto God. When you effectively start speaking to God in His heavenly language then, no man can understand or comprehend how you always win no matter what hits you because as scripture says... " for no man understandeth him." Your life is then turned into a mystery since speaking in tongues is speaking mysteries. However, Satan is the prince of the power of the air. Speaking in tongues is speaking into the air to diffuse and destroy all satanic operations against your life and destiny. Prayerfully read this book and expect an encounter with God. If you are not yet filled with the Holy Spirit with evidence of speaking in tongues begin to believe God for it. For you, who have not received an understanding of speaking in tongues, I want you to keep an open mind, for it is a gift from God to all who believe in Jesus Christ. To those who are already baptized in the Holy Ghost, let the Holy Spirit fill you again and again. I encourage you, as you read the book, to pray in tongues for more impartation of the Holy Spirit. "Speaking into the Air" is the main revelation of the book. Make sure you catch it! You are blessed in Jesus Name!

GLOSSOLALIA

BEHAVIORAL SCIENCE PERSPECTIVES ON SPEAKING IN TONGUES

Oxford University Press, USA Glossolalia or speaking in tongues has evoked much speculation as to its causes and meanings. Primarily occurring in instances of religious fervor, glossolalia's recent linkage to psychopathic behavior has prompted numerous studies by social and behavioral scientists. This book summarizes and interprets all of the research done on this phenomenon. The authors explore the different types and settings of glossolalic expression in contemporary Western religion and consider the phenomenon from the perspectives of sociology, psychology, and linguistics. Numerous case studies are included as well as an abundance of the authors' own research on the subject. Glossolalia will be of particular interest to those in the fields of sociology and psychology and to those engaged in counseling glossolalic individuals.

SPEAKING IN TONGUES

A CROSS-CULTURAL STUDY OF GLOSSOLALIA

Wipf and Stock Publishers Speaking in tongues, or glossolalia, is practiced in many different religions around the world. Dismissed as meaningless gibberish by some observers, it has been the subject of only a few fragmentary studies. The work of Felicitas D. Goodman represents the first cross-cultural analysis of this enigmatic behavior, and she brings to her research an extensive background in linguistics and anthropology. Dr. Goodman's fieldwork included living with apostolic congregations in Mexico City, in the Yucatan with Maya Indians, and visits with a congregation in Hammond, Indiana. Her observations were preserved on a remarkable collection of sound recordings and films. For this book she presents a selection of conversion stories that highlights the personality structure and experiences of the speakers. A detailed analysis of the phonological and suprasegmental features of the recorded utterances show a surprising cross-cultural agreement. This led Goodman to believe that glossolalists speak the way they do because their speech behavior is modified in a particular mental state, often termed trance, into which they place themselves. In this light the glossolalia utterance is seen as an artifact of a hyperaroused mental state, or, in Chomskyan terms, as the surface structure of a nonlinguistic deep structure, that of the altered state of consciousness. Goodman describes the hyperaroused mental state as a neurophysiological phenomenon, as well as the associated patterns of movement, and the problems of waking from it. Goodman's diachronic approach yielded equally surprising data about the changes and the waning of the behavior over time. But, as she observes, "we have barely touched the

edge of a very large area of inquiry." Her fascinating study opens a number of new avenues of research for anthropologists, such as the study of physiological states accompanying linguistic and ritual behavior.

HOW TO SPEAK IN TONGUES "ON PURPOSE WITH PURPOSE"

CreateSpace *The Challenge* We are going to present (and prove) a number of concepts in this study that are new and even revolutionary to the student of speaking in new tongues. Among these concepts are: • All men have (passively) spoken in tongues from birth, even before they spoke in their native tongue. This includes non-Christians. • Speaking in tongues is a natural and normal thing to do. • People were (actively) speaking in tongues hundreds of years before Christ was born. • New tongues are not real languages and cannot be understood by any man. They can be understood by God because of His power. • The believers in Acts Chapter Two were not speaking in new tongues. • Jesus spoke in new tongues. • By speaking in new tongues one can commune with God, heal the sick, and raise the dead. • You can learn to (actively) speak in new tongues, and do it at will. • Speaking in new tongues is for all intents and purposes gibberish. It is gibberish that only God (by His supernatural power) can understand. • A spiritual thing is not necessarily a supernatural thing. • Speaking in new tongues is a "merely spiritual" manifestation as opposed to a supernatural manifestation. • Speaking in new tongues is not "diversities of tongues". • "Diversities of tongues" is both a spiritual manifestation and a supernatural manifestation. • Speaking in tongues is a co-operative effort between the spirit and the soul. Numbers. It is estimated that: • 600 million humans believe in the practice of speaking in tongues. • As of April 2006, 500 million humans practice speaking in tongues. • The number of those speaking in tongues has increased 168 million since 1988. • Denominations that promote speaking in tongues add 20 million converts to their pews each year. • 100 million Catholics identify with the Charismatic movement and speaking tongues. • If these statistics are true and continue. By 2025 there could be over 1.14 billion believers who practice speaking in tongues.

AUDACITY OF SPEAKING IN TONGUES

A MANUAL FOR TONGUE SPEAKING

Covenant Books, Inc. Theological correctness has made speaking in tongues controversial, and it confuses everyone within Christendom. Many doubts which surrendering it are creating fear instead of faith for its authenticity, meanwhile Jesus promised every believer as one of the signs to follow us. Speaking in tongues is not the Holy Spirit, but it is the evidence indicating that the Holy Spirit has come upon you. It happened on the day of Pentecost, when one hundred and twenty believers gathered together in Jerusalem. The Holy Spirit came upon all of them, and they began to speak in tongues as evidence to confirm Jesus's prophecy. Peter couldn't ignore its reality but confirmed that the Holy Spirit had come upon the Gentiles just as they received, when he heard the household of Cornelius speaking in tongues. In Ephesus, Paul also believed the fact that the Holy Spirit had come upon all the twelve converts by laying his hands on them, because they spoke in tongues. Now we contemporary Christians cannot overlook this evidence. Instead, we must continue until we pass to the next generation. Because the truth has to be told.

THE GIFT OF SPEAKING IN TONGUES

HOW TO RECEIVE THE HOLY SPIRIT AND SPEAK IN OTHER TONGUES

What do you know about speaking in tongues? A lot has been said about speaking in tongues, one of the most misunderstood and rarely used gifts in all Christianity. A huge percentage of Christians don't understand WHY they should speak in tongues. The rest don't think they have it in them to speak in tongues. Some Christians don't even believe in the gift of speaking in tongues. They are still stuck with the question, "is speaking in tongues really for me?" The answer is a simple one; speaking in tongues is for every Christian filled with the Holy Spirit. Many Christians have received the gift of speaking in tongues, which has helped stimulate their faith, get their prayers answered, multiply God's love and power in their lives and helped them receive healing and victory in their endeavors. For others, receiving the Holy Spirit's gift isn't the most exciting thing for them in today's world, but it is one of the most important gifts you can receive as a Christian today. You may be okay with the occasional prayers you say in the morning, at night, and in between your daily schedules. Here's what you shouldn't do... You shouldn't stop trying to receive the gift, that's why I have written this book to help you with one thing; receive the gift of speaking in tongues. THE UNSEEN DYNAMICS OF SPEAKING IN TONGUES

WHAT HAPPENS IN THE SPIRIT WHEN WE PRAY IN TONGUES

Often times we play around with certain words as we use them in our regular expressions. However, certain times come when these words get forged together to give rise to a certain statement that comes alive with a feeling of shock and awe, creating a strong definition to something straight from the spiritual, which comes with a strong definition of perfection that conveys reality. "Never thought of it this way before" becomes our statement of conviction on the great revelation that just emerged from the Almighty God. Such was the feeling that greeted me when the inspiration for the writing of this book was carved upon the tablets of my heart by the Holy Spirit. The things I already knew as concerning the subject of this book, I never knew could be put together in such a fashion to tell the tale that could clearly connect the source of life Himself, as watching Him play a consistent role in the narrative of the the drama of prayer, praying/speaking in tongues. There are certain questions you have thus always pondered upon while considering the subject of speaking in tongues.
