Her voice, and her desire to express herself in music, has been a constant: from the early days of playing in bands while growing up in a small town, to playing arena rock shows and stadiums. Across these years and on many travels, she's discovered the human voice to be an unlikely guide, with the power to elevate and move people closer to authentic living. This book is about that discovery: part study in the art of singing, part guide to finding one's voice, and part memoir.
